Activities

Back to the Slate Board

Students will delight in this old school experience straight out of the 1950's! Catapulted back to a time of black boards and jelly pads, children will experience a class like no other. Led through their studies by a 1950s styled teacher, children will do their arithmetic seated at rows of wooden desks.

A Suburban Dream

Students are invited to take a journey back in time for dinner. Experiencing family roles as never before, children will assist 1950s housewife 'Mrs Gamble' in her preparations for the nightly family meal. Children will have a hand in butter making (and eating!) and be rewarded with a glimpse into the technological revolutions of the decade.

Museum Experience

Enjoy a facilitated tour of the museum exhibition. Learn about key items in the collection to further embed knowledge learned during the immersive activities. Conclude the experience with a fun scavenger hunt!
