## Schedule of Fees and Charges 2020/2021

## Development Services Schedule of Fees and Charges 2020 / 2021

### Section 1: General

This schedule defines Moreton Bay Regional Council's approved fees and charges for the development assessment functions of Council.

These fees apply to development assessment services, development applications, requests for compliance assessment to Council under the requirements of the Moreton Bay Regional Council Planning Scheme and the *Planning Act 2016* or The Mill at Moreton Bay Development Scheme and the *Economic Development Act 2012*.

### Section 2: Explanatory Notes

#### 2.1 How to Use this Schedule

While some fees are particular to certain types of development applications, others are particular to an aspect associated with a development approval or are for a service provided by Council.

Definitions and terms used in this schedule have the same meaning assigned to them by the Moreton Bay Regional Council Planning Scheme and *Planning Act 2016*.

#### Development Applications

If you need help preparing your development application, determining fees, or are unsure whether your proposal requires an application to be submitted under Moreton Bay Regional Council Planning Scheme, you can discuss your proposal with Council using Council's pre-lodgement services, or by speaking to a planning information officer.

- Step 1 - Determine the proposed form of development, ie. for a Material Change of Use, refer to the Moreton Bay Regional Council Planning Scheme to determine how the proposed development is defined.
- Step 2 - Determine the level of assessment for the proposed development (if applicable), and scale of the use (if applicable).
- Step 3 - Determine the fee.
