Budget and Operational Plan 2016/2017

This page been left intentionally blank

2016/17 BUDGET HIGHLIGHTS

This budget will deliver on our council's plan for a bright future for the Moreton Bay Region.

At the heart of that plan is the Moreton Bay Region University Precinct - a thriving and vibrant hub of economic activity.

The core of this project is a major new university campus, to be delivered by the University of the Sunshine Coast. With it comes additional opportunities for sporting, community and health facilities onsite.

By 2020, the Moreton Bay Region University Precinct is expected to deliver thousands of local study and job opportunities for the people of our region.

The 2016/17 budget, sets out a strong economic plan for our region's future. Council has delivered another balanced budget with low borrowings and our sixth consecutive operating surplus.

It is this experienced financial management that has placed our council amongst the strongest, and most financially stable councils in Queensland.

But this is also a budget with heart. While council has set out a strong financial position in our budget, we have continued to provide vital discounts to our region's 15,000 eligible pensioners, and ongoing support for local groups through our community grants program.

It is also a budget that builds, maintains and improves our local road and transport infrastructure - something we all rely on to get to work, get to the shops or to simply get the kids to school.

Our local road and transport network will benefit from an investment of more than \$91 million in 2016/17 with major upgrades in Woody Point, Dakabin, Brendale, Burpengary and Arana Hills - making our local roads safer.

Sport and recreation is another big winner. In the budget you will see new spending on

pool facilities in Lawnton and Ferny Hills, a new AFL facility in Rothwell, new soccer facilities in Burpengary and Samford, a shared sports clubhouse at Brendale and North Lakes, baseball fields in Bunya and an upgrade of our premier equestrian facilities in Caboolture.

With hundreds of Aussie athletes - including some from our region - on their way to the 2016 RIO Olympics, there can be no better time to continue our investment in grassroots sport and recreation facilities.

The 2016/17 budget seeks to protect and promote what we love about where we live, by beautifying local parks and playgrounds, improving foreshore areas and creating more jobs closer to home.

In this budget, Moreton Bay Regional Council has set out a bold vision that delivers a bright future for our region.

Allan Sutherland
Mayor

Key service outcomes

In the 2016/17 financial year Moreton Bay Regional Council will:

- Invest more than \$91.3 million in renewing and improving our local road and transport network.
- Expenditure of \$17.1 million on maintaining sporting fields and community facilities across the region.
- Spend \$32.5 million in capital projects on parks, sport and recreation facilities.

Budget overview

Moreton Bay Regional Council will deliver a total budget of \$536 million in 2016/17. This includes:

- \$173.8 million in capital works
- an operating surplus of \$60 million.

Key community projects

Key funding for community projects during the 2016/17 financial year will include:

- \$13.4 million for works associated with the Moreton Bay Region University Precinct.
- \$2 million for construction of a shared AFL, hockey and cricket clubhouse at the South Pine Sporting Complex.
- \$2.3 million upgrade of Scarborough Beach Park, Scarborough.
- \$1.7 million for intersection improvements, including widening and signalisation, at Victoria Avenue and King Street, Woody Point.
- \$2.5 million to kick-off development of a soccer precinct at the Moreton Bay Central Sports Complex, Burpengary.
- Major \$6 million upgrade to Caboolture's Queensland State Equestrian Centre including a covered warm-up arena, 75 new horse stables, 4 new wash bays and additional car parking. The project will provide accommodation for major equestrian events of 230 horses.
- \$1 million to commence planning and design for a \$4.4 million competition-standard baseball field and associated amenities at James Drysdale Reserve, Bunya.
- \$3.2 million upgrade to Kremzow and Leitchs roads intersection at Brendale. Works will also include reconstruction of sections of Kremzow Road.
- \$3.5 million for improvements to sections of Burpengary Road including an upgrade to the Burpengary Road and Pitt Road intersection.
- \$3 million towards a two-year upgrade to the Old Gympie and Boundary roads intersection, Dakabin. The project is expected to cost \$6 million and will better accommodate heavy vehicles, pedestrian and bicycle access.
- \$2.8 million for a new clubhouse and car parking facilities at Kinsellas Road Sports Complex in North Lakes.
- \$3 million to finalise detailed design, and commence development of AFL facilities at the Nathan Road Sports Complex, Kippa-Ring.
- \$3.3 million to commence a \$6.8 million two-year upgrade of Bunya Road, Draper. Works will include construction of a two-lane river crossing.
- \$2.2 million for improvements to Patricks Road, Arana Hills including the Dawson Road intersection.
- Construction of a \$1.8 million soccer clubhouse at Samford Parklands.
- \$1 million for grandstand seating at Lawnton Pool.
- More than \$1.2 million to improve active transport connections along Goodwin Drive and Benabrow Avenue at Bongaree.
- \$1.4 million towards resurfacing Rowley Road, Burpengary between Belford and Kilkenny drives.
- \$1.3 million for the reconstruction of Beachmere's Biggs Avenue seawall.
- \$1.2 million for a new heated learn-to-swim pool at the Ferny Hills Swimming Pool.
- \$500,000 over two years for an upgrade to buildings in the Samford Commons. The project will include future road works that support a community-based innovation and arts space currently seeking federal and state government funding.
- \$340,000 upgrade for the Bribie Island Library.

Rating information for 2016/17

- Average total rate increase for owner-occupied properties – 2.98 per cent or \$37.16 per annum (72c per week increase).
- Council's pensioner remission will remain at \$250 across the region providing a benefit to approximately 15,300 pensioners.
- No increase in the waste management utility charge.
- The regional infrastructure separate charge has increased by \$16 from \$52 in 2015/16 to \$68 in 2016/17.

Closing Balance	5,071,650	5,202,779	5,328,142
Asset Revaluation Surplus			
Opening balance	301,238	301,238	301,238
Change in asset revaluation surplus	0	0	0
Closing Balance	301,238	301,238	301,238
Total Community Equity	5,372,888	5,504,017	5,629,379

In accordance with section 169 of the Local Government Regulation 2012, the Council is required to disclose in the budget certain measures of financial sustainability.

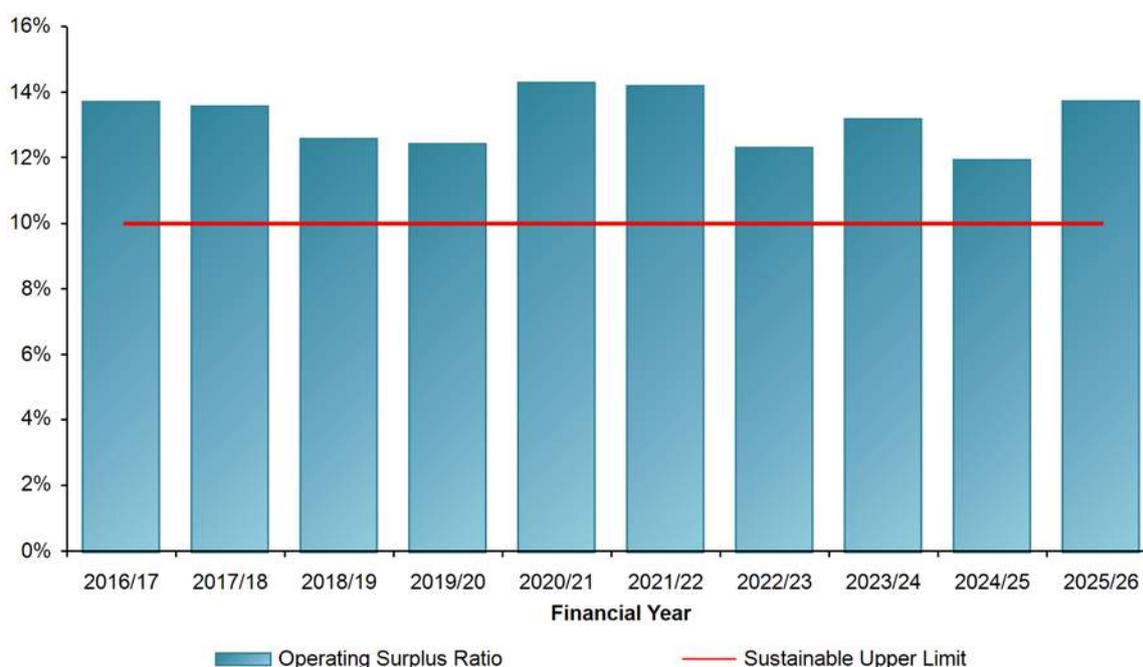

The Queensland Government defines a sustainable local government as being 'able to maintain its financial capital and infrastructure capital over the long term' (Local Government Act 2009 (Act), section 104(2)).

To ensure the Council continues along the path of financial sustainability into the future, key long term strategic plans are developed and integrated, demonstrating a strategy is in place to manage the financial implications of its long term planning.

The three financial sustainability measures cover the period of the annual budget plus the next nine financial years (10 years in total).

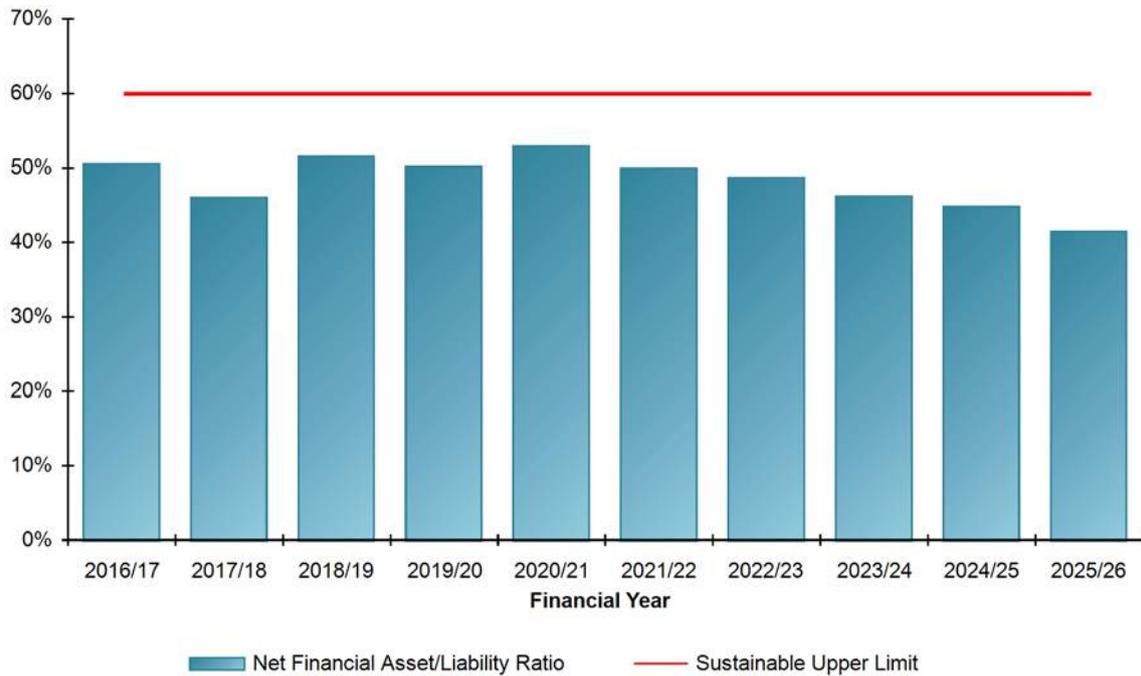

The targets indicated in each graph are sourced from the 'Financial management (sustainability) guideline 2013' which is available from the website of The Department of Infrastructure, Local Government and Planning.

Operating Surplus Ratio

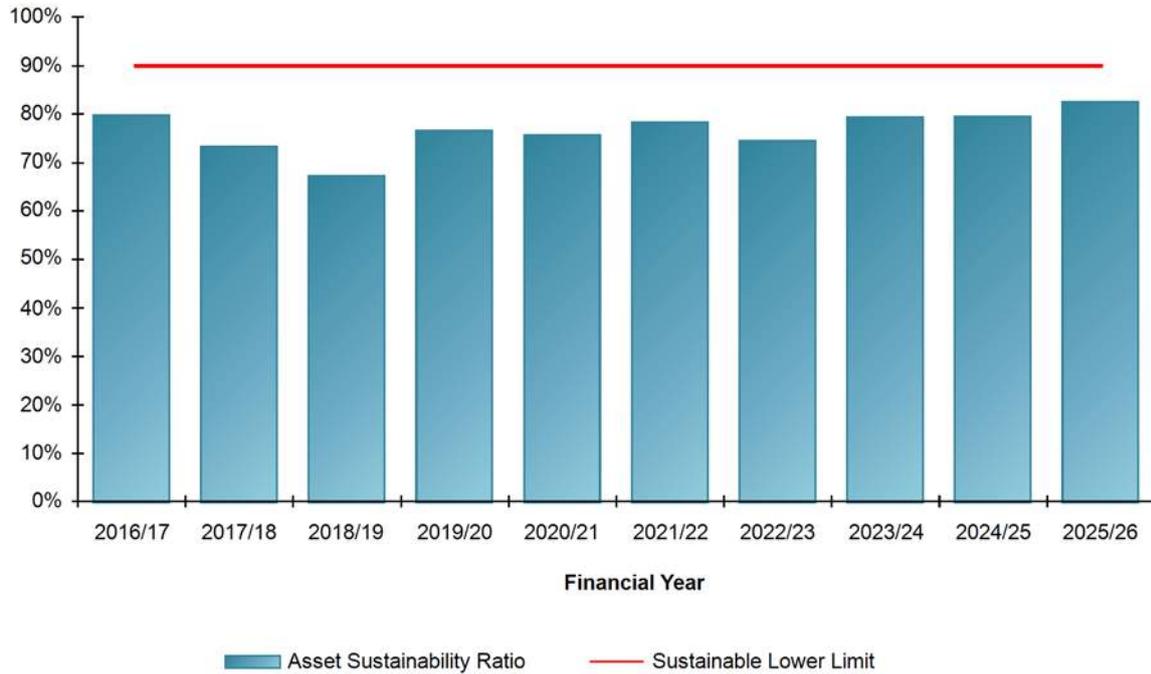

Description	Measure	Target
Demonstrates the extent to which revenues raised cover operational expenses only or are available for capital funding purposes or other purposes.	$\frac{\text{Net Operating Surplus/(Deficit)}}{\text{Operating Revenue}}$	Between 0% and 10% (on average over the long term)
Commentary		
Council is forecasting a positive (greater than 0%) operating surplus ratio in each of the ten years. A positive ratio indicates that recurring operating revenue exceeds recurring operating expenses and this assists in funding capital expenditure. This can result in less reliance on borrowing money to fund capital expenditure and thus reduces Council debt. The positive operating surplus ratio of Council for the entire ten year period is a strong indicator of long term sustainability.		

Net Financial Liabilities Ratio

Description	Measure	Target
Demonstrates the extent to which the net financial liabilities of Council can be serviced by its operating revenues.	$\frac{\text{Total Liabilities less Current Assets}}{\text{Operating Revenue}}$	Not greater than 60% (on average over the long term)
Commentary		
This ratio indicates Council does not exceed the upper limit of 60% over the entire forecast period. This indicates an acceptable level of operating revenues are being used to meet the net financial liabilities of Council.		

Asset Sustainability Ratio

Description	Measure	Target
Demonstrates the extent to which the infrastructure assets management by Council are being replaced as they reach the end of their useful lives.	<u>Capital Expenditure on Replacement Assets</u> Depreciation Expense	Greater than 90% (on average over the long term)
Commentary		
Capital expenditure can broadly be classified as New (building something entirely new) or renewal (replacing an old asset with a new one). This ratio measures how much capital expenditure goes toward replacing existing assets each year when divided by depreciation expense. As the ten year forecast indicates Council's ratio is below the target of 90% or better but is an improvement on the previous year.		

In accordance with section 169 of the Local Government Regulation 2012, the Council is required to report the total value of the change, expressed as a percentage in the rates and utility charges levied for the financial year (2016/17) compared with the rates and utility charges levied in the previous budget (2015/16). The calculation of this percentage for a financial year excludes rebates and discounts applicable on rates and utility charges.

	Adopted Budget 2015/16	Adopted Budget 2016/17	% Change from 2015/16 to 2016/17
Gross Rates and Utility Charges	\$261,416,863	\$277,173,898	6.03%

One point of note is that the percentage change is a combined increase across all types of differential general rating categories, special charges and waste utility charges as defined in the Council's revenue statement (included in this budget) with a further allowance made for rate growth. Council has in total 255 differential general rating categories (examples being residential properties, commercial properties, agricultural properties, hotels, shopping centres, retirement villages and many more) and a number of different special charges and waste utility charges which it levies.

Service: Business development

Projects and activities that assist businesses and promote investment and job creation in the region.

KPI Description	Annual Target
Business Events - Overall satisfaction level on the delivery of quality business events and workshops	85 %
Business Engagement - Number of existing businesses and potential new investors engaged	150
Publications - Number of quality investment attraction publications and media developed	24
Partnerships and Collaborations - Meetings/programs working with State, Federal and other partners	200
Percentage of total operating projects completed	95 %
Participation in Innovation Awards and programs through submissions and attendance at scheduled events	10 %
Increased number of community engagement activations to support the update of high speed broadband	6

Category	Budget 2016/17
Operational Revenue	(24,000)
Operational Expenditure	2,583,999
Operational Projects Expenditure	295,000

Service: Tourism

Attracting visitors and tourists to the region.

KPI Description	Annual Target
Customer satisfaction rating with regional visitor information centre experience	90 %
Percentage of total capital works completed	95 %
Tourist activity as measured by enquiries at Visitor Information Centres	80,000

Category	Budget 2016/17
Capital Expenditure	90,000
Operational Revenue	(1,877,360)
Operational Expenditure	1,441,836

Service: University Precinct

Planning and development of the Moreton Bay Region university precinct

Category	Budget 2016/17
Capital Expenditure	13,400,000
Operational Expenditure	361,430

Service: Land use and infrastructure planning

A sustainable planning and design framework to manage growth.

KPI Description	Annual Target
Planned internal activities and projects completed	90 %
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Operational Expenditure	2,878,705
Operational Projects Expenditure	1,555,000

Service: Community safety

Community safety and crime prevention strategies.

KPI Description	Annual Target
CCTV cameras and equipment to be fully operational	94 %
Graffiti removal requests completed in accordance with timeframes	94 %
Police CCTV footage requests processed within agreed timeframes	95 %

Category	Budget 2016/17
Operational Expenditure	946,374

Service: Disaster management

Planning, preparation, response and recovery activities for community disaster events.

KPI Description	Annual Target
Hours of disaster management training undertaken	1,000
Number of disaster management exercises conducted	4
Hectares of planned burns completed (5% of council land)	300
Numbers of Local Disaster Coordination Centre personnel meeting core training levels	50
Percentage of total operating projects completed	95 %
Compliance of Local Disaster Management Plan with Emergency Management Assurance Framework	100 %

Category	Budget 2016/17
Operational Revenue	(23,464)
Operational Expenditure	1,153,143
Operational Projects Expenditure	15,000

Service: Community capacity building

Programs and activities that build community capacity and provide support to community organisations.

KPI Description	Annual Target
Attendance at the Caboolture Hub Learning and Business Centre	35,000
Customer satisfaction with Caboolture Hub Learning and Business Centre activities	85 %
Percentage of total operating projects completed	95 %
Number of hirers of the Caboolture Hub Learning and Business Centre facilities	2,200
Engagement with community organisations by Council's Community and Customer Services department	2,500
Number of projects supported through Council's community grants program.	140
Number of individuals supported through Council's community grants program.	400

Category	Budget 2016/17
Operational Revenue	(292,000)
Operational Expenditure	2,927,720
Operational Projects Expenditure	80,000

Service: Community support services

Child and family services including: Birralee Child Care Centre and Family Day Care operations

KPI Description	Annual Target
Number of care hours provided by Council's Family Day Care service	370,000
Percentage of available child care places filled at Birralee Child Care Centre	95 %

Category	Budget 2016/17
Operational Revenue	(2,041,800)
Operational Expenditure	1,682,010

Service: Mayor and councillors

Mayor and Councillor activities and projects.

Category	Budget 2016/17
Operational Expenditure	2,664,997

Service: Office of the CEO

Overall leadership and coordination of Council activities.

KPI Description	Annual Target
Compliance with statutory and corporate requirements for council meetings and decision making	100 %
Internal audit plan progressed as scheduled	100 %
Audit recommendations implemented	90 %

Category	Budget 2016/17
Operational Revenue	(5,000)
Operational Expenditure	3,954,324

Service: Customer services

Services to customers through Council's call centre, service centres and records section.

KPI Description	Annual Target
Customer satisfaction with call centre service	90 %
Customer calls resolved at the first point of contact	90 %
Customer satisfaction with Customer Service Centre service	90 %
Customer enquiries resolved at the first point of contact	90 %
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Operational Expenditure	6,128,669
Operational Projects Expenditure	100,000

Service: Legal

Strategic legal advice and transactional services to Councillors and the organisation; Right to Information/Information Privacy and Administrative Action complaints.

KPI Description	Annual Target
Litigation satisfactorily resolved	90 %
Legal advice provided within agreed timeframes	100 %
Compliance with statutory and policy timeframes for Right To Information and Information Privacy applications and Complaints	95 %

Category	Budget 2016/17
Operational Expenditure	1,594,170

Service: Development assessment

Assessment of development applications and provision of development advice.

KPI Description	Annual Target
Development services customer requests completed within 3 business days	100 %
Decision Notices issued within 5 business days	100 %
Operational Works applications decided within 20 business days	75 %
Development (MCU/RAL) Applications Code Assessable decided within 20 business days	75 %
Development (MCU/RAL) Applications Impact Assessable decided within 20 business days	65 %
Non IDAS applications decided within 5 business days	100 %
Endorsement Compliance Action Notices issued within 10 business days	100 %
Planning and Development Certificates issued within regulatory timeframes	100 %
Initial Environmental Health Licences issued within regulatory timeframes	100 %

Category	Budget 2016/17
Operational Revenue	(9,145,000)
Operational Expenditure	6,640,738

Service: Building and plumbing services

Development activity compliance and assessment of plumbing and statutory building applications.

KPI Description	Annual Target
Private Certifier referrals assessed within statutory timeframes	100 %
Development activity customer requests completed within defined timeframes	90 %
Plumbing assessments completed within statutory timeframes	100 %

Category	Budget 2016/17
Operational Revenue	(8,285,500)
Operational Expenditure	4,189,857

Service: Local laws

Enhancing community lifestyle and enjoyment through innovation, education and promotion of council local laws.

KPI Description	Annual Target
Animal Management - Customer requests responded to within 5 business days	95 %
Regulated Parking - Number of equivalent days of random patrols undertaken in designated areas (3 per week)	156
Pest Management - Customer requests responded to within 5 business days	95 %

Category	Budget 2016/17
Operational Revenue	(4,214,600)
Operational Expenditure	1,584,350

Service: Public health services

Promoting a healthy and safe community through effective administration of environmental health legislation.

KPI Description	Annual Target
Immunisation - Vaccination program rates exceed the State program average rates by at least 1%	85 %
Environment and Health Licensing - Customer requests responded to within 5 working days	95 %
Percentage of total capital works completed	95 %
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Capital Expenditure	15,000
Operational Revenue	(2,917,000)
Operational Expenditure	7,366,444
Operational Projects Expenditure	150,000

Service: Environmental initiatives

Plan, deliver and report on environmental and conservation initiatives, monitoring and education programs.

KPI Description	Annual Target
Public participation in environmental programs and activities	32,000
Percentage of scheduled environmental assessments and monitoring completed.	100 %
Increased private property habitat under voluntary conservation programs (hectares annually)	200
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Operational Revenue	(9,276)
Operational Expenditure	4,797,621
Operational Projects Expenditure	336,700

Service: Waste collection, reduction and recycling

The collection and disposal of waste and, programs and strategies to reduce and recycle waste.

KPI Description	Annual Target
Kerbside waste and recyclable waste bins collected as scheduled	100 %
Total tonnage of general and recyclable waste collected from kerbside bins that is recycled	22 %
Total tonnage of waste collected at waste facilities from residential and commercial premises (excluding kerbside bins collection) that is recycled	45 %
Percentage of total capital works completed	95 %
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Capital Expenditure	2,775,000
Operational Revenue	(44,543,278)
Operational Expenditure	41,980,265
Operational Projects Expenditure	115,000

Service: Roads and transport

Roads and other transport infrastructure across the region.

KPI Description	Annual Target
Programmed roads maintenance activities completed in accordance with schedule	100 %
Road network customer requests completed within level of service timeframes	95 %
Percentage of total capital works completed	95 %
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Capital Revenue	(15,563,682)
Capital Expenditure	91,300,910
Operational Revenue	(13,500)
Operational Expenditure	29,897,680
Operational Projects Expenditure	508,000

Service: Stormwater infrastructure

Drainage and other stormwater infrastructure across the region.

KPI Description	Annual Target
Programmed stormwater maintenance activities completed in accordance with schedule	100 %
Stormwater network customer requests completed within level of service timeframes	95 %
Percentage of total capital works completed	95 %
Percentage of total operating projects completed	95 %

Category	Budget 2016/17
Capital Expenditure	8,565,000
Operational Expenditure	4,756,869
Operational Projects Expenditure	800,000

Service: Waterways and coastal facilities

Waterways and coastal facilities across the region.

KPI Description	Annual Target
Programmed maritime facilities maintenance activities completed in accordance with schedule	100 %
Customer requests for marine related services completed within level of service timeframes	95 %
Percentage of total operating projects completed	95 %
Percentage of total capital works completed	95 %

Category	Budget 2016/17
Capital Revenue	(833,112)
Capital Expenditure	4,175,000

Operational Expenditure	2,539,050
Operational Projects Expenditure	300,000

Head of Power

Local Government Act 2009, (Act)
Local Government Regulation 2012, (Regulation)

Objective

The purpose of this policy is to state, for the 2016/17 financial year:

1. The principles the Council intends to apply for:
 - Levying rates and charges
 - Granting concessions for rates and charges
 - Recovering overdue rates and charges; and
 - Cost-recovery methods.
2. The purpose for the concessions for rates and charges the Council intends to grant; and
3. The extent to which physical and social infrastructure costs for new development are to be funded by charges for the development.

Definitions/Application

This Revenue Policy applies for the 2016/17 financial year.

Policy Statement

1. Making Rates and Charges

Rates and charges will be determined on the basis of achieving net revenue which is sufficient to allow the Council to meet its budgetary responsibilities for the various activities of the Council. In making rates and charges, the Council will have regard to:

- Transparency - openness in the processes involved in the making of rates and charges
- Accountability - making decisions and acknowledging the effects of those decisions
- Simplicity - a rating regime that is simple and cost efficient to administer
- Equity - the consistent levying of rates and charges across the region
- Flexibility - responding where possible to unforeseen changes in the local economy
- Fiscal responsibility - levying an amount sufficient to allow the Council to meet its budgetary responsibilities

2. Limitation on Increase in General Rates

Council will limit increases in differential general rates levied in the previous financial year to a maximum stated percentage for those differential rating categories identified in the Council's Revenue Statement. Increases in other rates or charges will not be subject to limitation in this way.

3. General Rates

In the 2016/17 financial year Council will apply a differential general rating approach for the levying of general rates. Differential general rates will be levied on all rateable land in the Council's local government area. This differential rating approach seeks to achieve broad rating equity that could not otherwise be achieved by a single rate in the dollar. Within all differential rating categories, a minimum general rate will be applied to ensure that all owners contribute a minimum equitable amount towards Council's general revenue requirements in circumstances where levying rates based solely on land valuation would not achieve that outcome.

When determining differential rating outcomes, Council may have regard to:

- the level of services available to the land and the cost of making those services available;
- the level of utilisation of services by the land in particular the consumption of council resources, services and infrastructure;
- the use to which the land may be put; and
- whether or not the land is the principle place of residence of the owner

4. Special Rates and Charges & Separate Rates and Charges

Special and Separate rates and charges will be levied to generate funds required to provide services and fund activities that Council considers will specifically benefit defined (special) or all (separate) rateable properties across the entire region.

5. Utility Rates and Charges

Waste Management

In the 2016/17 financial year Council will apply a regional approach to the levying of waste management charges generally based on the principle of user pays.

These charges reflect the full cost recovery of providing a kerbside collection service, availability of refuse stations and development of waste management strategies for the protection of the environment.

6. Levying Rates and Charges

In levying rates and charges, the Council will apply the principles of:

- Responsibility - making clear the obligations and responsibility of both council and ratepayers in respect to rates and charges;
- Accountability - making decisions and acknowledging the effects of those decisions;
- Cost - making the levying process simple and cost effective to administer;
- Flexibility - responding where possible to unforeseen changes in the local economy;
- Timeliness - ensuring ratepayers are given adequate notice of their liability to pay rates and charges.

7. Concessions for rates and charges

In considering the application of concessions, the Council will be guided by the principles of:

- Equity - acknowledging the different levels of capacity to pay;
- Accountability - making decisions and acknowledging the effects of those decisions;
- Transparency - making clear the availability of concessions and eligibility requirements;
- Flexibility - responding where possible to unforeseen changes in the local economy;
- Fairness - taking into consideration the circumstances that lead up to the application for a concession;
- Sustainability - long term planning to ensure the financial sustainability of concessions.

The Council intends to exercise its power under Chapter 4, Part 10 of the Regulations to partly rebate rates and utility charges for the purpose of recognising the particular financial and related circumstances of qualifying pensioners within the region.

8. Recovery of unpaid rates and charges

Council will exercise its rate recovery powers in order to reduce the overall rate burden on ratepayers and to better manage the scarce financial resources of Council. It will be guided by the principles of:

- Responsibility - making clear the obligations of ratepayers to pay rates;
- Transparency - making clear the consequences of failing to pay rates;
- Accountability - ensuring due legal processes are applied to all ratepayers in the recovery process;
- Capacity to pay - negotiating arrangements for payment where appropriate;
- Equity - applying the same treatment for ratepayers with the same circumstances;
- Flexibility - responding where possible to unforeseen changes in the local economy;
- Cost - making the processes used to recover outstanding rates and charges clear, simple to administer and cost effective.

9. Cost-recovery

The Council will seek to recover the costs of providing services and undertaking activities by setting cost recovery fees in accordance with the Act. The Council will fix cost-recovery fees to ensure that each fee does not exceed the cost to Council of taking the action for which the fee is charged.

10. Physical and Social Infrastructure Costs

In setting charges for new development, Council's objective is to apportion the establishment cost of Trunk Infrastructure over all benefiting development (existing and future) commensurate with the demand or load that existing and future development will place on existing and planned infrastructure while ensuring a reasonable and equitable distribution of the costs between Council and developers of land. Under the *Sustainable Planning Act 2009*, Council may only levy up to the Maximum Infrastructure Charge set by the State Government.

Review Triggers

This Policy is reviewed annually in accordance with the Act.

Responsibility

This Policy is to be:

- (1) implemented by the Chief Executive Officer; and
- (2) reviewed and amended in accordance with the "Review Triggers" by the Chief Executive Officer

--

The following Revenue Statement has been adopted by the Moreton Bay Regional Council for the 2016/17 financial year in accordance with the *Local Government Regulation 2012*, (Regulation).

1. Revenue Statement

The following applies to all rateable land contained within the Moreton Bay Regional Council local government area.

1.1 GENERAL RATE

The Council makes and levies differential general rates. Within each differential rating category a minimum general rate has been applied to ensure that all owners contribute a minimum equitable amount towards Council's general revenue requirements in circumstances where levying rates based solely on land valuation would not achieve that outcome. A differential system of rates provides greater equity by recognising factors such as land use and the level of services to the land.

In accordance with the *Local Government Act 2009*, (Act), section 94(1)(a), and the Regulation, section 81:

1. The Council makes and levies differential general rates for the 2016/17 financial year;
2. For that purpose, there are 255 rating categories; and
3. The rating categories and a description of each of the rating categories follows:

Residential Single Unit Dwellings

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
R1 Residential - Owner occupied	Land which contains a single residential dwelling, not part of a community titles scheme, and used by the property owner or at least one of the property owners as their principal place of residence.	0.4157	\$890	9%
R2 Residential - Non owner occupied	Land which contains a single residential dwelling, not part of a community titles scheme and not used by the property owner or at least one of the property owners as their principal place of residence.	0.5196	\$1,113	9%

Residential Units

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
U10 Units 1 - Owner occupied	A single residential building unit which is part of a community titles scheme where: (a) the building unit is used by the property owner or at least one of the property owners as their principal place of residence; and (b) the rateable value of the land per square metre of the physical land parcel on which the complex is constructed is equal to or greater than \$900 per square metre.	0.4157	\$1,246	9%
U20 Units 2 - Owner Occupied	A single residential building unit which is part of a community titles scheme where: (a) the building unit is used by the property owner or at least one of the property owners as their principal place of residence; and (b) the rateable value of the land per square metre of the physical land parcel on which the complex is constructed is greater than or equal to \$750 per square metre and less than \$900 per square metre.	0.4157	\$1,157	9%
U30 Units 3 - Owner Occupied	A single residential building unit which is part of a community titles scheme where: (a) the building unit is used by the property owner or at least one of the property owners as their principal place of residence; and (b) the rateable value of the land per square metre of the physical land parcel on which the complex is constructed is greater than or equal to \$600 per square metre and less than \$750 per square metre.	0.4157	\$1,068	9%

U6N Units 6 - Non Owner Occupied	A single residential building unit which is part of a community titles scheme where: (a) the building unit is not used by the property owner or at least one of the property owners as their principal place of residence; and (b) the rateable value of the land per square metre of the physical land parcel on which the complex is constructed is less than \$85 per square metre.	0.5196	\$1,001	9%

Interpretation

For determining the differential general rating category *place of residence* means; a place where a person usually or habitually lives and, particularly, a place where the person usually eats and sleeps in the ordinary course of their life.

For determining whether a place of residence is a person's *principal* place of residence the Council may have regard to:

- (a) the length of time the person has occupied the residence;
- (b) the place of residence of the person's family;
- (c) whether the person has moved his or her personal belongings into the residence;
- (d) the person's address on the electoral roll;
- (e) whether services such as telephone, electricity and gas are connected to the residence in the person's name;
- (f) any other relevant matter.

For clarity, a person can only have one principal place of residence at any given time.

Building unit has the meaning specified under the Act.

Multi Residential Dwellings (Flats)

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
Category F2 to Category F65	Land to which Council has assigned the Land Use Code Identifier 3 - Multi Residential; and:

Interpretation

Flat means land that is subject to one rate assessment and contains more than one residential dwelling.

Vacant Land

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
VL1	Land with a rateable value less than \$1,000,000 and to which Council has assigned the Land Use Code Identifier: 01 - Vacant Urban Land 94 - Vacant Rural Land	0.4157	\$890	Please see below
<i>Classes of capping for the VL1 differential general rating category:</i>				
1. Where the land is owned solely by a natural person or natural persons a cap percentage of 9 percent applies.				
2. Where the land is not owned solely by a natural person or natural persons, no cap percentage applies.				
VL2	Land with a rateable value greater than or equal to \$1,000,000 but less than \$2,500,000 and to which Council has assigned the Land Use Code Identifier: 01 - Vacant Urban Land 94 - Vacant Rural Land	0.6236	\$1,202	Please see below
<i>Classes of capping for the VL2 differential general rating category:</i>				
1. Where the land is owned solely by a natural person or natural persons a cap percentage of 15 percent applies.				
2. Where the land is not owned solely by a natural person or natural persons, no cap percentage applies.				
VL3	Land with a rateable value greater than or equal to \$2,500,000 and to which Council has assigned the Land Use Code Identifier: 01 - Vacant Urban Land 94 - Vacant Rural Land	0.6859	\$1,202	Please see below
<i>Classes of capping for the VL3 differential general rating category:</i>				
1. Where the land is owned solely by a natural person or persons a cap percentage of 15 percent applies.				
2. Where the land is not owned solely by a natural person or persons, no cap percentage applies.				

Note: Discounting for Subdivided Land - Pursuant to Chapter 2, (sections 49 to 51) of the *Land Valuation Act 2010* the Council is required to discount the rateable value of certain land when levying rates. If these provisions apply to any rateable land the minimum general rate levy and any limitation on an increase to rates and charges, (capping) will not apply to that land.

Sporting Clubs and Community Groups

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
SC1	Land to which Council has assigned the Land Use Code Identifier: 48 - Sports Clubs/Facilities 50 - Other Clubs (non business)	0.4157	\$890	9%

Retirement Villages

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
RV1	Land which contains a single residential dwelling in a retirement village complex, and is part of a community titles scheme where the retirement village is registered under the <i>Retirement Villages Act 1999</i> .	0.4157	\$801	9%
Category RV2 to Category RV45	Land which contains a retirement village where: (a) The retirement village is registered under the <i>Retirement Villages Act 1999</i> , and (b) Dwellings within the retirement village complex are not part of a community titles scheme; and:			
RV2	the retirement village has less than 10 independent living dwellings	0.6236	\$2,029	9%
RV3	the retirement village has greater than or equal to 10 and less than 20 independent living dwellings	0.6236	\$2,860	9%
RV4	the retirement village has greater than or equal to 20 and less than 30 independent living dwellings	0.6236	\$5,720	9%
RV5	the retirement village has greater than or equal to 30 and less than 40 independent living dwellings	0.6236	\$8,580	9%
RV6	the retirement village has greater than or equal to 40 and less than 50 independent living dwellings	0.6236	\$11,440	9%
RV7	the retirement village has greater than or equal to 50 and less than 60 independent living dwellings	0.6236	\$14,300	9%

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
RV8	the retirement village has greater than or equal to 60 and less than 70 independent living dwellings	0.6236	\$17,160	9%
RV9	the retirement village has greater than or equal to 70 and less than 80 independent living dwellings	0.6236	\$20,020	9%
RV10	the retirement village has greater than or equal to 80 and less than 90 independent living dwellings	0.6236	\$22,880	9%
RV11	the retirement village has greater than or equal to 90 and less than 100 independent living dwellings	0.6236	\$25,740	9%
RV12	the retirement village has greater than or equal to 100 and less than 110 independent living dwellings	0.6236	\$28,600	9%
RV13	the retirement village has greater than or equal to 110 and less than 120 independent living dwellings	0.6236	\$31,460	9%
RV14	the retirement village has greater than or equal to 120 and less than 130 independent living dwellings	0.6236	\$34,320	9%
RV15	the retirement village has greater than or equal to 130 and less than 140 independent living dwellings	0.6236	\$37,180	9%
RV16	the retirement village has greater than or equal to 140 and less than 150 independent living dwellings	0.6236	\$40,040	9%

Land not otherwise categorised

<i>Category</i>	<i>Description</i>	<i>Rate in the Dollar</i>	<i>Minimum General Rate</i>	<i>Capped Percentage</i>
O1	Land not contained in any other differential rating category and the rateable value of the land is less than \$1,000,000	0.4157	\$890	Please see below
<i>Classes of capping for the O1 differential general rating category:</i>				
1. Where the land is owned solely by a natural person or natural persons a cap percentage of 9 percent applies.				
2. Where the land is not owned solely by a natural person or natural persons, no cap percentage applies.				
O2	Land not contained in any other differential rating category and the rateable value of the land is greater than or equal to \$1,000,000 but less than \$2,500,000	0.6236	\$1,202	Please see below
<i>Classes of capping for the O2 differential general rating category:</i>				
1. Where the land is owned solely by a natural person or natural persons a cap percentage of 15 percent applies.				
2. Where the land is not owned solely by a natural person or natural persons, no cap percentage applies.				
O3	Land not contained in any other differential rating category and the rateable value of the land is greater than or equal to \$2,500,000	0.6859	\$1,202	Please see below
<i>Classes of capping for the O3 differential general rating category:</i>				
1. Where the land is owned solely by a natural person or natural persons a cap percentage of 15 percent applies.				
2. Where the land is not owned solely by a natural person or natural persons, no cap percentage applies.				

Properties Exempt from General Rates

The following properties are exempt from General Rates in accordance with the Act, section 93(3)(i):

- Lot 2 SP 262249
- Lot 3 RP 160412
- Lot 4 RP 889690
- Lot 10 SP 191312

1.2 LIMITATION OF INCREASE IN RATES LEVIED

For the financial year 2016/17, the Council will limit any increase in differential general rates in specified rating categories to the differential general rates levied in financial year 2015/16 increased by the percentage shown for the category in the above tables, (Capped Percentage).

Where differential general rates were not levied on rateable land for the full 2015/16 financial year, any increase in differential general rates will be limited to the *corresponding annual amount* for the rates in the 2015/16 financial year increased by the Capped Percentage. *Corresponding annual amount* is the amount worked out in accordance with the Regulation, section 116(3).

Provided that a limit on any increase will not apply to rateable land where:

- 1.2.1 There has been a change in valuation (other than the revaluation of the entire local government area) during the current or previous financial year; or
- 1.2.2 There has been a change in land area during the current or previous financial year unless that change is the result of the Council or a State Government entity acquiring, (by agreement or compulsory acquisition) part of a parent parcel, thus creating a new rateable assessment, (the original parcel less the part acquired) in which case a limit on any increase will continue to apply to the new rateable assessment; or
- 1.2.3 A discounted valuation under Chapter 2, (sections 49 to 51), of the *Land Valuation Act 2010* has ceased; or
- 1.2.4 There has been a change in the differential rating category during the financial year.

1.3 RIGHT OF OBJECTION

The land owner may object to the rating category applied to rateable land in accordance with the Regulation. Objections will not affect the levying and recovery of the rates as specified in the rate notice. Should an objection result in rateable land being included in a different rating category, an appropriate adjustment of rates will be made from the commencement of the quarter in which the objection was lodged. This adjustment will appear on the next quarterly rate notice.

1.4 WASTE MANAGEMENT UTILITY CHARGES

The Council makes and levies utility charges for the provision of waste management services. These charges are generally based on the application of the user pays principle.

Waste management utility charges are calculated to recover the full cost of providing the service. Waste management utility charges incorporate the cost of the various services provided by the contractor, the cost of providing and maintaining refuse tips and the cost of implementing waste management and environment protection strategies.

The waste collection area is defined as the area to which Council's existing refuse collection contract applies from time to time during the financial year.

The type or level of service to be supplied to each premises in the waste collection area (and hence the applicable charging code for the premises under the table of charges) will be that determined by Council or its delegate to be appropriate to the premises having regard to the nature of activities and the volumes of waste generated on and from the premises and, where relevant, in accordance with the *Waste Reduction and Recycling Regulation 2011*.

In accordance with section 94(1)(b)(ii) of the Act, the Council makes and levies utility charges for supplying waste management services for the 2016/17 financial year as follows:

SERVICE LEVEL	CHARGE
1. Domestic Properties	
120L refuse / 240L recycling	\$219.00
240L refuse / 240L recycling	\$237.00
120L refuse - Additional bin	\$219.00
240L refuse - Additional bin	\$237.00
240L recycling - Additional bin	\$53.00
2. Multi Residential	
120L refuse / 240L recycling	\$219.00
240L refuse / 240L recycling	\$237.00
120L/240L refuse / 240L recycle - Walk out walk back service	\$249.00
240L recycling - Additional (full service)	\$53.00
240L/240L refuse - Common property	\$237.00
3. Multi Residential - Bulk Bins	
1m ³ Bulk Bin	\$1,000.00
1,100L Plastic Rear Lift Bin	\$1,270.00
3m ³ Bulk Bin	\$3,000.00
4m ³ Bulk Bin	\$4,000.00
** Properties sharing a bulk bin service will be entitled to the use of bulk bins up to the capacity of 120 litres (0.120 M ³) for waste and 60 litres (0.060 M ³) for recycling services for each residential unit sharing the bins.	
<i>Example:</i> 20 units each paying for a minimum service of \$219 would be entitled to bulk bins (as	

SERVICE LEVEL	CHARGE
defined in the schedule above) to the capacity of 2.4M ³ (20 units x 0.120 M ³).	
<p>** Where a property requests bulk services above their entitlement under the minimum service of 120 litres for waste (\$219), the cost per property (which are sharing the bulk bin service) will be calculated by determining the additional cost of the services requested (in accordance with the bulk bin rates above) and dividing the additional cost by the number of properties sharing the service.</p> <p>Example: A block of 20 units request 4 x 1,100L bin serviced once per week. The total capacity of this service is 4.4M³. As this capacity is above their entitlement under the minimum capacity (2.4M³ - 20 units x 0.120 M³) the additional cost of providing an additional 1.8M³ (2 x 1,100L bins @ \$1,270/bin) is shared equally amongst each of the unit holders and will be \$127 (\$2,540 / 20 units).</p>	
4. Commercial/Industrial Properties	
240L refuse / 240L recycling	\$249.00
240L refuse - Additional bin	\$249.00
240L recycling - Additional bin	\$53.00

Notes:

1. The ratepayer may request to downsize the 240L recycling bin to 120L however the 240L charge will remain.
2. 'Full Service' is the provision of one refuse and one recycle bin to a single residence in a multi residential facility.

The Council will charge a minimum waste management utility charge to all improved residential land that is within the Council's waste collection area. The designated minimum service on which the minimum waste management utility charge is based is a 120L refuse / 240L recycling service per flat, residential unit or residential lot as the case may be.

All pro rata waste management charges take effect from the date on which the service has been provided.

1.5 SPECIAL CHARGES

In accordance with section 94(1)(b)(i) of the Act, the Council makes and levies special charges for the 2016/17 financial year as follows:

1.5.1 Rural Fire Brigade Special Charge

The Council makes and levies a special charge to be known as the Rural Fire Brigade Special Charge on all rateable land within the Moreton Bay Regional Council local government area identified by the gazetted Rural Fire Board area maps for those rural fire boards listed below.

The overall plan for the supply of the rural fire service is:

- a) The rateable land to which the special charge applies is all rateable land within the Moreton Bay Regional Council local government area identified by the gazetted Rural Fire Board area maps for those rural fire boards listed below:
 - Booroobin Rural Fire Brigade
 - Bellthorpe Rural Fire Brigade
 - Clear Mountain Rural Fire Brigade
 - Closeburn/Cedar Creek Rural Fire Brigade
 - Dayboro and District Rural Fire Brigade
 - Delaney's Creek Rural Fire Brigade
 - Donnybrook Town Rural Fire Brigade
 - Elimbah Rural Fire Brigade
 - Meldale Rural Fire Brigade
 - Mount Mee Rural Fire Brigade
 - Mount Nebo Rural Fire Brigade
 - Narangba West Rural Fire Brigade
 - Ocean View Rural Fire Brigade
 - Rocksberg-Moorina Rural Fire Brigade
 - Samford Rural Fire Brigade
 - Samsonvale Rural Fire Brigade
 - Stanmore District Rural Fire Brigade
 - Stony Creek Rural Fire Brigade
 - Toorbul Rural Fire Brigade
 - Villeneuve Neurum (part) Rural Fire Brigade
 - Wamuran Rural Fire Brigade
- b) The service, facility or activity for which the overall plan is made is the provision of a rural fire service.
- c) The estimated cost of implementing the overall plan in the 2016/17 financial year is \$270,175.
- d) The provision of a rural fire service is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion shown in the overall plan as it presently exists is one year.

The Council is of the opinion that all land to which the special charge applies will specially benefit to the same extent from the provision of a rural fire service using funds raised by the special charge. The charge will assist rural fire brigades in the upgrade and maintenance of equipment necessary to provide a rural fire service.

The amount of the special charge will be \$25.00 per annum.

1.5.2 Rural Recycling and Waste Management Special Charge

The Council makes and levies a special charge to be known as the Rural Recycling and Waste Management Special Charge on rateable land that is used, at least partially, for residential purposes and which is improved land not being subject to a waste management utility charge. The purpose of this charge is to assist in meeting the costs associated with the provision and management of recycling and waste disposal facilities.

The overall plan for the supply of the rural recycling and waste management service is:

- a) The rateable land to which the special charge applies is all rateable land that is improved land not being subject to a waste management utility charge.
- b) The service, facility or activity for which the overall plan is made is assisting in meeting the costs associated with the provision and management of recycling and waste disposal facilities, which includes a contribution towards the costs of:
 - administration of refuse and recycling contracts;
 - operation and maintenance of landfills for disposal of domestic waste;
 - operation and maintenance of waste from transfer stations;
 - interest and redemption of capital works;
 - transport of waste from transfer stations to landfill for disposal;
 - construction and development of waste disposal facilities;
 - purchase of future landfill sites;
 - supervision and operation of landfills to ensure compliance with the *Environmental Protection Act 1994*;
 - collection of roadside litter and supply and service of street litter bins.
- c) The estimated cost of implementing the overall plan in the 2016/17 financial year is \$388,196.
- d) The provision of recycling and waste management facilities is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion shown in the overall plan as it presently exists is one year.

The Council is of the opinion all land to which the special charge applies will specially benefit to the same extent from the provision and management of current and future recycling and waste disposal facilities.

The amount of the special charge will be \$107.00 per annum.

1.5.3 Commercial Waste Management Special Charge

The Council makes and levies a special charge to be known as the Commercial Waste Management Special Charge on rateable land that is used for commercial purposes and which is improved land not being subject to a waste management utility charge. The purpose of this charge is to assist in meeting the costs associated with the provision and management of waste disposal facilities.

The overall plan for the supply of the commercial waste management service is:

- a) The rateable land to which the special charge applies is all rateable land used for commercial purposes that is improved land not being subject to a waste management utility charge.
- b) The service, facility or activity for which the overall plan is made is for the purpose of assisting in meeting the costs associated with the availability and management of waste disposal facilities, which includes a contribution towards the costs of:
 - administration of refuse and recycling contracts;
 - operation and maintenance of landfills for disposal of commercial waste;
 - operation and maintenance of waste from transfer stations;
 - interest and redemption of capital works;
 - transport of waste from transfer stations to landfill for disposal;
 - construction and development of waste disposal facilities;
 - purchase of future landfill sites;
 - supervision and operation of landfills to ensure compliance with the *Environmental Protection Act 1994*;
 - collection of roadside litter and supply and service of street litter bins.
- c) The estimated cost of implementing the overall plan in the 2016/17 financial year is \$298,637.
- d) The provision of waste management facilities is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion shown in the overall plan as it presently exists is one year.

The Council is of the opinion all land to which the special charge applies will specially benefit to the same extent from the provision and management of current and future waste disposal facilities.

The amount of the special charge will be \$107.00 per annum.

1.5.4 North Lakes Enhanced Services Special Charge

The Council makes and levies a special charge to be known as the North Lakes Enhanced Services Special Charge on all rateable land within the suburb of North Lakes. The parks, public areas, road reserves, street furniture and park infrastructure in this area require higher maintenance levels than comparable facilities across the region due to the type, quality and number of facilities provided. The special charge will fund the required higher level of maintenance.

The overall plan to fund the additional costs associated with the higher maintenance levels for public facilities in North Lakes, over and above the standard maintenance levels in other areas across the Council's local government area is:

- a) The rateable land to which the special charge applies is all rateable land within the suburb of North Lakes.
- b) The service or activity for which the overall plan is made is providing higher maintenance levels, over and above the standard maintenance levels in other parts of the Council's local government area for public facilities including:
 - Parks - plantings, mulching, watering, weeding and mowing;
 - Public areas - lakes, boardwalks;
 - Roads reserves - footpaths, plantings, mulching, watering, weeding and mowing;
 - Park infrastructure - playground equipment, barbeque facilities, park furniture and shade shelters; and
 - Street furniture - street signs and lighting poles.
- c) The estimated cost of implementing the overall plan in the 2016/17 financial year is \$1,066,880.
- d) The provision of higher maintenance levels for public facilities in North Lakes is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion shown in the overall plan as it presently exists is one year.

The Council is of the opinion that all land to which the charge applies will specially benefit from the provision of higher maintenance levels for public facilities in North Lakes because that land and the occupiers of the land have direct use of and exposure to the amenity created by these public facilities. This special charge has been set by Council to reflect sufficient and equitable contributions by the owners of the land to the additional cost of maintaining these high quality facilities in North Lakes.

The Council considers it appropriate that the amount of the special charge vary between the different lands identified below having regard to all matters relevant to the objective of achieving an equitable spread of the revenue burden between all of the lands to be charged and fairness as between the different classes of land, including the extent to which, in the Council's opinion, different lands will specially benefit from the works.

The annual amount of the special charge will vary as follows:

- Residential properties that are part of a community titles scheme and are within a retirement village registered under the *Retirement Villages Act 1999* - \$10 per annum.
- Residential properties that are part of a community titles scheme and are **not** within a retirement village registered under the *Retirement Villages Act 1999* - \$30 per annum.
- Properties included in the Major Regional Drive-in Shopping Centre differential general rating category - \$2,000 per annum.
- All other properties - \$150 per annum.

Any new properties created during the financial year will be charged a pro rata amount calculated from the date the property is created.

1.5.5 Newport Canal Maintenance Special Charge

The Council makes and levies a special charge to be known as the Newport Canal Maintenance Special Charge (“**special charge**”) on the rateable land described below for the purpose of funding works for preserving, maintaining and keeping clean and navigable (“**works**”) the canals at Newport Waterways (“**canals**”).

The special charge applies to properties in the suburb of Newport with canal frontage. This area includes lots in community titles schemes where the scheme land has canal frontage, and the whole of the Newport Waterways Marina complex which is on multiple titles but is a single canal-front entity in terms of land use.

The whole area is precisely delineated on a map prepared and adopted by the Council for this purpose.

1. The overall plan for carrying out the works is:
 - a) The rateable land to which the special charge applies is the land specified below.
 - b) The service, facility or activity for which the overall plan is made is the indicative 50 year canal maintenance works program, from base year 2016/17, shown in the documents prepared by the Chief Executive Officer and presented to the Council, providing for, as the major elements:
 - (i) major dredging of the access channel of the canals, including spoil disposal; and
 - (ii) major dredging of the canals other than the access channel, including spoil disposal; and
 - (iii) carrying out of spot dredging, beach cleaning and replenishment as required.
 - c) The estimated cost of implementing the overall plan, in 2016 terms, is \$72,331,115 over a 50 year period from base year 2016/17.
 - d) Canal maintenance is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion of the indicatively programmed works shown in the overall plan as it presently exists is 50 years from base year 2016/17.

2. The 2016/17 annual implementation plan comprises the carrying out of the following works forming part of the overall plan which are intended or expected to be carried out in 2016/17:

MAINTENANCE OF THE ACCESS CHANNEL OF THE CANALS

NIL \$0

MAINTENANCE OF THE CANALS OTHER THAN THE ACCESS CHANNEL

Residential canals:

General Maintenance, Approvals and Contract Administration	\$107,099
Dredging	\$408,858
Spoil Disposal	\$1,174,337
Water Quality Monitoring	\$13,500

Marina:

General Maintenance, Approvals and Contract Administration	\$11,900
Dredging	\$269,388
Spoil Disposal	\$772,661
Water Quality Monitoring	\$1,500

MAINTENANCE TOTAL: \$2,759,243

3. The Council is of the opinion that the lands to which the special charge applies will specially benefit from the works, as compared to other parts of its local government area generally, for the reason that such lands have the benefit of direct access to the canals and of direct use of and enjoyment of the canals. To avoid doubt, it is the Council's opinion that these lands include lots in a community titles scheme which has canal frontage, even though it is usually scheme land rather than the individual lots which physically abuts the canal, and all lots, whether dry land or submerged, from time to time comprising the Newport Waterways Marina which is a single canal-front entity in terms of land use, regardless of its internal titling arrangements or boundaries.
4. The Benefitted Area Map marked "Plan A" identifies the lands to be levied with the special charge for the 2016/17 financial year. The lands to be levied also includes any canal allotment or canal allotment (residential unit) (as defined below) which is created during the year as a result of the extension of the existing system of canals, even if such new canal allotment or canal allotment (residential unit) is outside the area delineated on "Plan A".
5. "**canal allotment**" means an allotment, whether existing as at the date of this resolution or coming into existence after the date of this resolution, which:
- abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals; and
 - is used, or has been created to be used, for an end user purpose; and
 - has a valuation which values it individually and separately from any other land; and
 - is not contained within that part of the identified area shaded blue on "Plan A" (which area is described as "**subdivision 1**").

6. “**canal allotment (residential unit)**” means a lot in a community titles scheme under the *Body Corporate and Community Management Act 1997*, (a “BCCM lot”), whether existing as at the date of this resolution or coming into existence after the date of this resolution, where the scheme land abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals that:
- a) is used, or has been created to be used, for an end user purpose; and
 - b) has a valuation which values it individually and separately from any other land; and
 - c) is not contained within that part of the identified area shaded blue on “Plan A” (which area is described as “subdivision 1”).
7. “**balance allotment**” means any land within the area identified as Subdivision 3 on “Plan A”.

At 16 May 2016, the balance allotments are the lands contained in Rate Assessment Number 826104.

8. To avoid doubt, land which is covered by a valuation which includes both newly subdivided allotments (which would be canal allotments if separately valued) and a balance un-subdivided area is a balance allotment.
9. The quantum of the special charge levied in the 2016/17 financial year recognizes that the estimated cost of implementing the overall plan is influenced by factors which include, a planned maintenance program over 50 years; the need for maintenance work being triggered by circumstances that depend upon a number of factors, including highly variable natural forces which cannot be predicted with accuracy; and that the estimated cost is by its nature a figure that falls within a range within which the actual costs could fall. Accordingly the quantum of the special charge levied in the 2016/17 financial year is set at a level which, if levied annually over the 50 year life of the plan, would not fully recover the estimated cost of implementing the overall plan over that period.
10. The Council considers it appropriate that the amount of the special charge vary between the different lands identified below having regard to all matters relevant to the objective of achieving an equitable spread of the revenue burden between all of the lands to be charged and fairness as between the different classes of land, including the extent to which, in the Council’s opinion, different lands will specially benefit from the works.
11. The annual amount of the special charge shall vary as follows:
- Special charge amount No. 1 \$99,275
 - Special charge amount No. 2 \$950 per canal allotment
 - Special charge amount No. 2U \$475 per canal allotment (residential unit)
 - Special charge amount No. 3 \$52,535 - (NCL x \$52.79), where NCL = number of canal lots created, by registration of separate title, from balance allotments during the rating year.
12. Special charge amount No. 1 must be levied on all land which comprises subdivision 1.

13. Special charge amount No. 2 must be levied on each canal allotment (including canal allotments coming into existence after the date of this resolution which must be levied on a pro rata time basis).
14. Special charge amount No.2U must be levied on each canal allotment (residential unit), (including canal allotments (residential unit) coming into existence after the date of this resolution which must be levied on a pro rata time basis).
15. Special charge amount No. 3 must be levied on balance allotments within the area shaded yellow on “Plan A” and identified as Subdivision 3. Where the land on which Special charge amount No. 3 is to be levied comprises land in more than one rate assessment, the charge amount must, for the purpose of levying an individual amount on each assessment, be apportioned to each of the assessments on a pro rata area basis.

1.5.6 Pacific Harbour Canal Maintenance Special Charge

The Council makes and levies a special charge to be known as the Pacific Harbour Canal Maintenance Special Charge (“**special charge**”) on the rateable land described below for the purpose of funding works for preserving, maintaining and keeping clean and navigable (“**works**”) the canals and associated public infrastructure at Pacific Harbour.

The special charge applies to properties in the Pacific Harbour estate with canal frontage. This includes lots in a community titles scheme where the scheme land has canal frontage, and the whole of the Pacific Harbour Marina complex. The whole area is precisely delineated on a map prepared and adopted by the Council for this purpose.

1. The overall plan for carrying out the works is:
 - a) The rateable land to which the special charge applies is the land specified below.
 - b) The service, facility or activity for which the overall plan is made is the indicative 50 year canal maintenance works program, from base year 2016/17, shown in the documents prepared by the Chief Executive Officer and presented to the Council, providing for, as the major elements:
 - (i) major dredging of the canals, including spoil disposal; and
 - (ii) maintenance of public infrastructure associated with the canals; and
 - (iii) carrying out of spot dredging as required.
 - c) The estimated cost of implementing the overall plan, in 2016 terms, is \$35,211,667 over a 50 year period from base year 2016/17.
 - d) Canal maintenance is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion of the indicatively programmed works shown in the overall plan as it presently exists is 50 years from base year 2016/17.

2. The 2016/17 annual implementation plan comprises carrying out the following works forming part of the overall plan which are intended or expected to be carried out in 2016/17:

MAINTENANCE OF THE CANALS

Residential canals:

General Maintenance, Approvals and Contract Administration	\$121,089
Water Quality Monitoring	\$14,250

Marina:

General Maintenance, Approvals and Contract Administration	\$2,610
Water Quality Monitoring	\$750

MAINTENANCE TOTAL: \$138,699

3. The Council is of the opinion that the lands to which the special charge applies will specially benefit from the works, as compared to other parts of its local government area generally, for the reason that such lands have the benefit of direct access to the canals and of direct use of and enjoyment of the canals and associated infrastructure. To avoid doubt, it is the Council's opinion that these lands include lots in a community titles scheme which has canal frontage, even though it is usually scheme land rather than the individual lots which physically abuts the canal, and all lots, whether dry land or submerged, from time to time comprising the Pacific Harbour Marina.
4. The Benefitted Area Map marked "Plan B" identifies the lands to be levied with the special charge for the 2016/17 financial year. The lands to be levied also includes any canal allotment (as defined below) which is created during the year as a result of the extension of the existing system of canals, even if such new canal allotment is outside the area delineated on "Plan B".
5. "**canal allotment**" means an allotment, whether existing as at the date of this resolution or coming into existence after the date of this resolution, which:
- abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals; and
 - is used, or has been created to be used, for an end user purpose; and
 - has a valuation which values it individually and separately from any other land; and
 - is not contained within that part of the identified area shaded blue on "Plan B" (which area is described as "**subdivision 1**").

A canal allotment includes a lot in a community titles scheme under the *Body Corporate and Community Management Act 1997* where the scheme land abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals.

6. "**balance allotment**" means any land within the area identified as Subdivision 3, 4 and 5 on "Plan B".

At 16 May 2016, the balance allotments are the lands contained in Rate Assessment Numbers 261670, 258491 and 825412.

7. To avoid doubt, land which is covered by a valuation which includes both newly subdivided allotments (which would be canal allotments if separately valued) and a balance un-subdivided area is a balance allotment.
8. The quantum of the special charge levied in the 2016/17 financial year recognizes that the estimated cost of implementing the overall plan is influenced by factors which include, a planned maintenance program over 50 years; the need for maintenance work being triggered by circumstances that depend upon a number of factors, including highly variable natural forces which cannot be predicted with accuracy; and that the estimated cost is by its nature a figure that falls within a range within which the actual costs could fall. Accordingly the quantum of the special charge levied in the 2016/17 financial year is set at a level which, if levied annually over the 50 year life of the plan, would not fully recover the estimated cost of implementing the overall plan over that period.
9. The Council considers it appropriate that the amount of the special charge vary between the different lands identified below having regard to all matters relevant to the objective of achieving an equitable spread of the revenue burden between all of the lands to be charged and fairness as between the different classes of land, including the extent to which, in the Council's opinion, different lands will specially benefit from the works.
10. The annual amount of the special charge made shall vary as follows:
 - Special charge amount No. 1 \$21,000
 - Special charge amount No. 2 \$525 per canal allotment
 - Special charge amount No. 3 \$8,794 - (NCL x \$131.25), where NCL = number of canal lots created, by registration of separate title, from balance allotments during the rating year
 - Special charge amount No. 4 \$788 - (NCL x \$131.25), where NCL = number of canal lots created, by registration of separate title, from balance allotments during the rating year
 - Special charge amount No. 5 \$3,938 - (NCL x \$131.25), where NCL = number of canal lots created, by registration of separate title, from balance allotments during the rating year.
11. Special charge amount No. 1 must be levied on all land which comprises subdivision 1. Where the land on which Special charge amount No. 1 is to be levied comprises land in more than one rate assessment, the charge amount must, for the purpose of levying an individual amount on each assessment, be apportioned to each of the assessments on a pro rata area basis.
12. Special charge amount No. 2 must be levied on each canal allotment (including canal allotments coming into existence after the date of this resolution which must be levied on a pro rata time basis).

13. Special charge amount No. 3 must be levied on balance allotments within the area shaded yellow on “Plan B” and identified as Subdivision 3. Where the land on which Special charge amount No. 3 is to be levied comprises land in more than one rate assessment, the charge amount must, for the purpose of levying an individual amount on each assessment, be apportioned to each of the assessments on a pro rata area basis.
14. Special charge amount No. 4 must be levied on balance allotments within the area shaded green on “Plan B” and identified as Subdivision 4. Where the land on which Special charge amount No. 4 is to be levied comprises land in more than one rate assessment, the charge amount must, for the purpose of levying an individual amount on each assessment, be apportioned to each of the assessments on a pro rata area basis.
15. Special charge amount No. 5 must be levied on balance allotments within the area shaded pink on “Plan B” and identified as Subdivision 5. Where the land on which Special charge amount No. 5 is to be levied comprises land in more than one rate assessment, the charge amount must, for the purpose of levying an individual amount on each assessment, be apportioned to each of the assessments on a pro rata area basis.

1.5.7 Bribie Gardens Canal Maintenance Special Charge

The Council makes and levies a special charge to be known as the Bribie Gardens Canal Maintenance Special Charge (“**special charge**”) on the rateable land described below for the purpose of funding works for preserving, maintaining and keeping clean and navigable (“**works**”) the canals and associated public infrastructure and preserving and maintaining the lock and weir at Bribie Gardens.

The special charge applies to properties in the Bribie Gardens estate with canal frontage regardless of whether they are located in front of or behind the lock and weir. To avoid confusion, this includes lots in community titles schemes where the scheme land has canal frontage. The whole area is precisely delineated on a map prepared and adopted by the Council for this purpose.

1. The overall plan for carrying out the works is:
 - a) The rateable land to which the special charge applies is the land specified below.
 - b) The service, facility or activity for which the overall plan is made is the indicative 50 year canal maintenance works program, from base year 2016/17, shown in the documents prepared by the Chief Executive Officer and presented to the Council, providing for, as the major elements:
 - (i) major dredging of the canals, including spoil disposal; and
 - (ii) maintenance of public infrastructure associated with the canals; and
 - (iii) maintenance and replacement of the lock and weir; and
 - (iv) carrying out of spot dredging as required.
 - c) The estimated cost of implementing the overall plan, in 2016 terms, is \$15,213,831 over a 50 year period from base year 2016/17.
 - d) Canal maintenance is an ongoing matter and it is not possible to identify an estimated time for completion, but the estimated time for completion of the indicatively programmed works shown in the overall plan as it presently exists is 50 years from base year 2016/17.

2. The 2016/17 annual implementation plan comprises the carrying out of the following works forming part of the overall plan which are intended or expected to be carried out in 2016/17:

MAINTENANCE OF THE CANALS

Residential canals:

General Maintenance, Approvals and Contract Administration	\$21,200
Dredging and Spoil Disposal	\$262,999
Water Quality Monitoring	\$6,000
Maintenance of the Lock and Weir	\$64,998
MAINTENANCE TOTAL:	<u>\$355,197</u>

3. The Council is of the opinion that the lands to which the special charge applies will specially benefit from the works, as compared to other parts of its local government area generally, for the reason that such lands have the benefit of direct access to the canals and of direct use of and enjoyment of the canals and associated infrastructure. To avoid doubt, it is the Council's opinion that these lands include lots in a community titles scheme which has canal frontage, even though it is usually scheme land rather than the individual lots which physically abuts the canal.
4. The Benefitted Area Map marked "Plan C" identifies the lands to be levied with the special charge for the 2016/17 financial year. The lands to be levied also includes any canal allotment (as defined below) which is created during the year as a result of the extension of the existing system of canals, even if such new canal allotment is outside the area delineated on "Plan C".
5. "**canal allotment behind the lock and weir**" means an allotment, whether existing as at the date of this resolution or coming into existence after the date of this resolution, which:
 - a) is located on the northern (inland) side of the lock and weir; and
 - b) abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals; and
 - c) is used, or has been created to be used, for an end user purpose; and
 - d) has a valuation which values it individually and separately from any other land; and
 - e) is not contained within that part of the identified area shaded blue on "Plan C" (which area is described as "**subdivision 1**").
6. "**canal allotment in front of the lock and weir**" means an allotment, whether existing as at the date of this resolution or coming into existence after the date of this resolution, which:
 - a) is located on the southern (ocean) side of the lock and weir; and
 - b) abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals; and
 - c) is used, or has been created to be used, for an end user purpose; and
 - d) has a valuation which values it individually and separately from any other land; and
 - e) is not contained within that part of the identified area shaded blue on "Plan C" (which area is described as "**subdivision 1**").
7. A canal allotment behind the lock and weir, and a canal allotment in front of the lock and weir includes a lot in a community titles scheme under the *Body Corporate and Community Management Act 1997* where the scheme land abuts directly onto a canal in the existing system of canals or any extension of the existing system of canals.

8. The quantum of the special charge levied in the 2016/17 financial year recognizes that the estimated cost of implementing the overall plan is influenced by factors which include, a planned maintenance program over 50 years; the need for maintenance work being triggered by circumstances that depend upon a number of factors, including highly variable natural forces which cannot be predicted with accuracy; and that the estimated cost is by its nature a figure that falls within a range within which the actual costs could fall. Accordingly the quantum of the special charge levied in the 2016/17 financial year is set at a level which, if levied annually over the 50 year life of the plan, would not fully recover the estimated cost of implementing the overall plan over that period.
9. The Council considers it appropriate that the amount of the special charge vary between the different lands identified below having regard to all matters relevant to the objective of achieving an equitable spread of the revenue burden between all of the lands to be charged and fairness as between the different classes of land, including the extent to which, in the Council's opinion, different lands will specially benefit from the works.
10. The annual amount of the special charge made shall vary as follows:
 - Special charge amount No. 1 \$1,203
 - Special charge amount No. 2 \$538 per canal allotment behind the lock and weir
 - Special charge amount No. 3 \$150 per canal allotment in front of the lock and weir
11. Special charge amount No. 1 must be levied on all land which comprises subdivision 1.
12. Special charge amount No. 2 must be levied on each canal allotment behind the lock and weir (including canal allotments behind the lock and weir coming into existence after the date of this resolution which must be levied on a pro rata time basis).
13. Special charge amount No. 3 must be levied on each canal allotment in front of the lock and weir (including canal allotments in front of the lock and weir coming into existence after the date of this resolution which must be levied on a pro rata time basis).

1.5.8 Redcliffe Aerodrome Special Charge

The Council makes and levies a special charge to be known as the Redcliffe Aerodrome Special Charge (“special charge”) on the rateable land identified below for the purpose of funding works for the operation, maintenance, repair and upgrading (“works”) of Redcliffe Aerodrome.

The special charge is levied on rateable properties comprising the leased private, business or commercial sites adjacent to Redcliffe Aerodrome. As the Redcliffe Aerodrome is not a commercial airport, the primary use of and benefit from the operation, maintenance and upgrading of the aerodrome is conferred upon the private air transport and aviation-related businesses which occupy premises within the aerodrome boundaries. The level of this special charge has been set by Council to reflect sufficient and equitable contributions by these property owners to the cost of providing both operational and capital works and services at the aerodrome.

1. The overall plan for carrying out the works is:
 - a) The rateable land to which the special charge applies is the land specified below.
 - b) The service, facility or activity for which the overall plan is made is the indicative 10 year operational and capital works program for Redcliffe Aerodrome, from base year 2016/17, shown in the documents prepared by the Chief Executive Officer and presented to the Council, providing for, as the major elements:
 - (i) sealing of the runway and taxiways; and
 - (ii) installation of lighting and connections; and
 - (iii) general aerodrome maintenance.
 - c) The estimated cost of implementing the overall plan, in 2016 terms, is \$2,611,057 over a 10 year period from base year 2016/17.
 - d) Aerodrome maintenance is an ongoing matter and it is not possible to identify an estimated time of completion, but the estimated time for completion of the indicatively programmed works shown in the overall plan as it presently exists is 10 years from base year 2016/17.

2. The 2016/17 annual implementation plan comprises carrying out the following works forming part of that overall plan which are intended or expected to be carried out in 2016/17:

Aerodrome Operations

Operations cost	\$131,104
Total Operations	\$131,104

Aerodrome Capital

NIL	\$0
Total Capital	\$0

AERODROME TOTAL:	\$131,104
-------------------------	------------------

3. The Council is of the opinion that occupiers of the rateable land to which the special charge applies will specially benefit from the works and services for the reason that:
 - a) Redcliffe Aerodrome is not a commercial airport; and
 - b) most usage of Redcliffe Aerodrome is use by or for the benefit of private air transport or aviation-related operators who lease land within the Aerodrome holding, and are the occupiers of the rateable land proposed to be charged; and
 - c) the works and services in the overall plan facilitate or enhance that usage.
4. The Benefitted Area Map marked "Plan D" identifies the lands to be levied with the special charge for the 2016/17 financial year.
5. The Council considers it appropriate that the amount of the special charge for each parcel of rateable land be based upon land area, given that land area is a reasonable reflection of the scale of the occupier's activity, and therefore that occupier's relative level of special benefit from the works.

The amount of the special charge for the 2016/17 financial year will be \$4.25 per square metre of rateable land.

1.6 SEPARATE CHARGES

In accordance with section 94(1)(b)(iii) of the Act, the Council makes and levies separate charges for the 2016/17 financial year as follows:

1.6.1 Regional Infrastructure Separate Charge

The Council makes and levies a separate charge on all rateable land to be known as the Regional Infrastructure Separate Charge. Funds raised from the Regional Infrastructure Separate Charge will be expended to enhance and rehabilitate transport and stormwater infrastructure that benefits the entire local government area (key infrastructure).

The Council considers all rateable land should contribute equally to the Regional Infrastructure Separate Charge because the key infrastructure, its enhancement and rehabilitation confers a general benefit on all rateable land.

The amount of the separate charge for the 2016/17 financial year will be \$68.00 per annum.

1.7 CONCESSIONS

For the financial year ending 30 June 2017 the Council will exercise its power to grant a concession for rates or charges under the Regulation, Chapter 4, part 10, in the following ways:

1.7.1 Concession 1: Council Pensioner Rebate

- Where a person is receiving the maximum rate of pension (Maximum Rate) under Commonwealth law, or is in receipt of a DVA Gold Repatriation Health Card as confirmed by the Centrelink Confirmation eService, and qualifies for the Queensland Government Pensioner Rate Subsidy Scheme (Scheme) with respect to land located in the Moreton Bay Regional Council local government area (Qualifying Pensioner), the Council may partly rebate (rebate) the general rate and charges levied on the land in the amount equivalent to 50% of the total levy up to the Maximum Rebate per annum granted on a quarterly pro rata basis.
- A person will also be considered a Qualifying Pensioner if they are receiving the maximum rate of pension under Commonwealth law, and have entered into a long term lease or agreement with a retirement village operator for a property under a community titles scheme located in the Moreton Bay Regional Council local government area and the property is owned by the operator. In this instance, each community titles scheme property within the retirement village must be rated separately and, under the terms of the long term lease or agreement, the Qualifying Pensioner must be responsible for the payment of rates levied on the property.
- Maximum Rate is the highest level of benefit available and confirmed by Centrelink.
- The rebate may only be granted on the basis of a written application submitted to the Council. A new application must be made whenever there is a change to the Qualifying Pensioner's pension entitlements or address.
- The rebate will not be applied retrospectively to any rating period prior to the rating period in which the application for the rebate was made.
- The rebate will be granted pro rata according to that proportion of the land which the Qualifying Pensioner occupies as a principal place of residence.
- The rebate will be granted pro rata according to the Qualifying Pensioner's proportional share of ownership of the land with the exception that pro rata will not apply where proportional ownership is confined to marriage and de facto relationships.
- Where the eligibility date is confirmed as being a date falling in a previous rating period then the rebate will be granted for the entire current rating period in which the application was made.
- Where the eligibility date is confirmed as being a date within the current rating period in which the application was made then the rebate will be granted from the first day of the next rating period.
- Where a pensioner becomes ineligible for whatever reason, the rebate for the current rating period will be reversed in full where the ineligibility date occurred in a previous rating period. In all other cases the rebate will cease from the first day of the next rating period.
- "Rating Period" means the period for which rates and charges are levied as specified on the rate notice issued by the Council.
- The Maximum Rebate is \$250.00 per annum.

1.7.2 Concession 2: State Government Subsidy

- Where a person is receiving a pension under a Commonwealth law and qualifies for the Queensland Government Pensioner Rate Subsidy Scheme, (Scheme), with respect to land located in the Moreton Bay Regional Council local government area, the Council may, subject to the terms and conditions of the scheme, partly rebate rates and charges up to the maximum dollar amount specified by the scheme from time to time.
- The subsidy will be granted and administered strictly in accordance with the terms and conditions of the scheme as published by the Queensland Government from time to time.
- The subsidy may only be granted on the basis of a written application submitted to the Council. A new application must be made whenever there is a change to the qualifying pensioner's pension entitlements or address.
- The subsidy will not be applied retrospectively to any rating period prior to the rating period in which the application for the subsidy was made.
- "**Rating Period**" means the period for which rates and charges are levied as specified on the rate notice issued by the Council.

1.7.3 Rebate 3: Voluntary Conservation Agreements

The Council offers a partial rebate to property owners who enter into a voluntary conservation agreement in accordance with Council policy.

1.7.4 Rebate 4: Community Organisations

The Council offers a rebate towards rates and charges to community organisations in accordance with the Donations in Lieu of Rates and Charges Levied by Council and Unitywater Policy.

1.8 ISSUE OF RATE NOTICES

Rates and utility charges for the year ending 30 June 2017 will be levied quarterly at the commencement of each quarter.

1.9 INTEREST ON OVERDUE RATES

In accordance with section 133 of the Regulation, all overdue rates and charges bear interest at the rate of 11% per annum, compounded on daily rests, commencing immediately after the due date for payment shown on the rate notice.

1.10 TIME WITHIN WHICH RATES MUST BE PAID

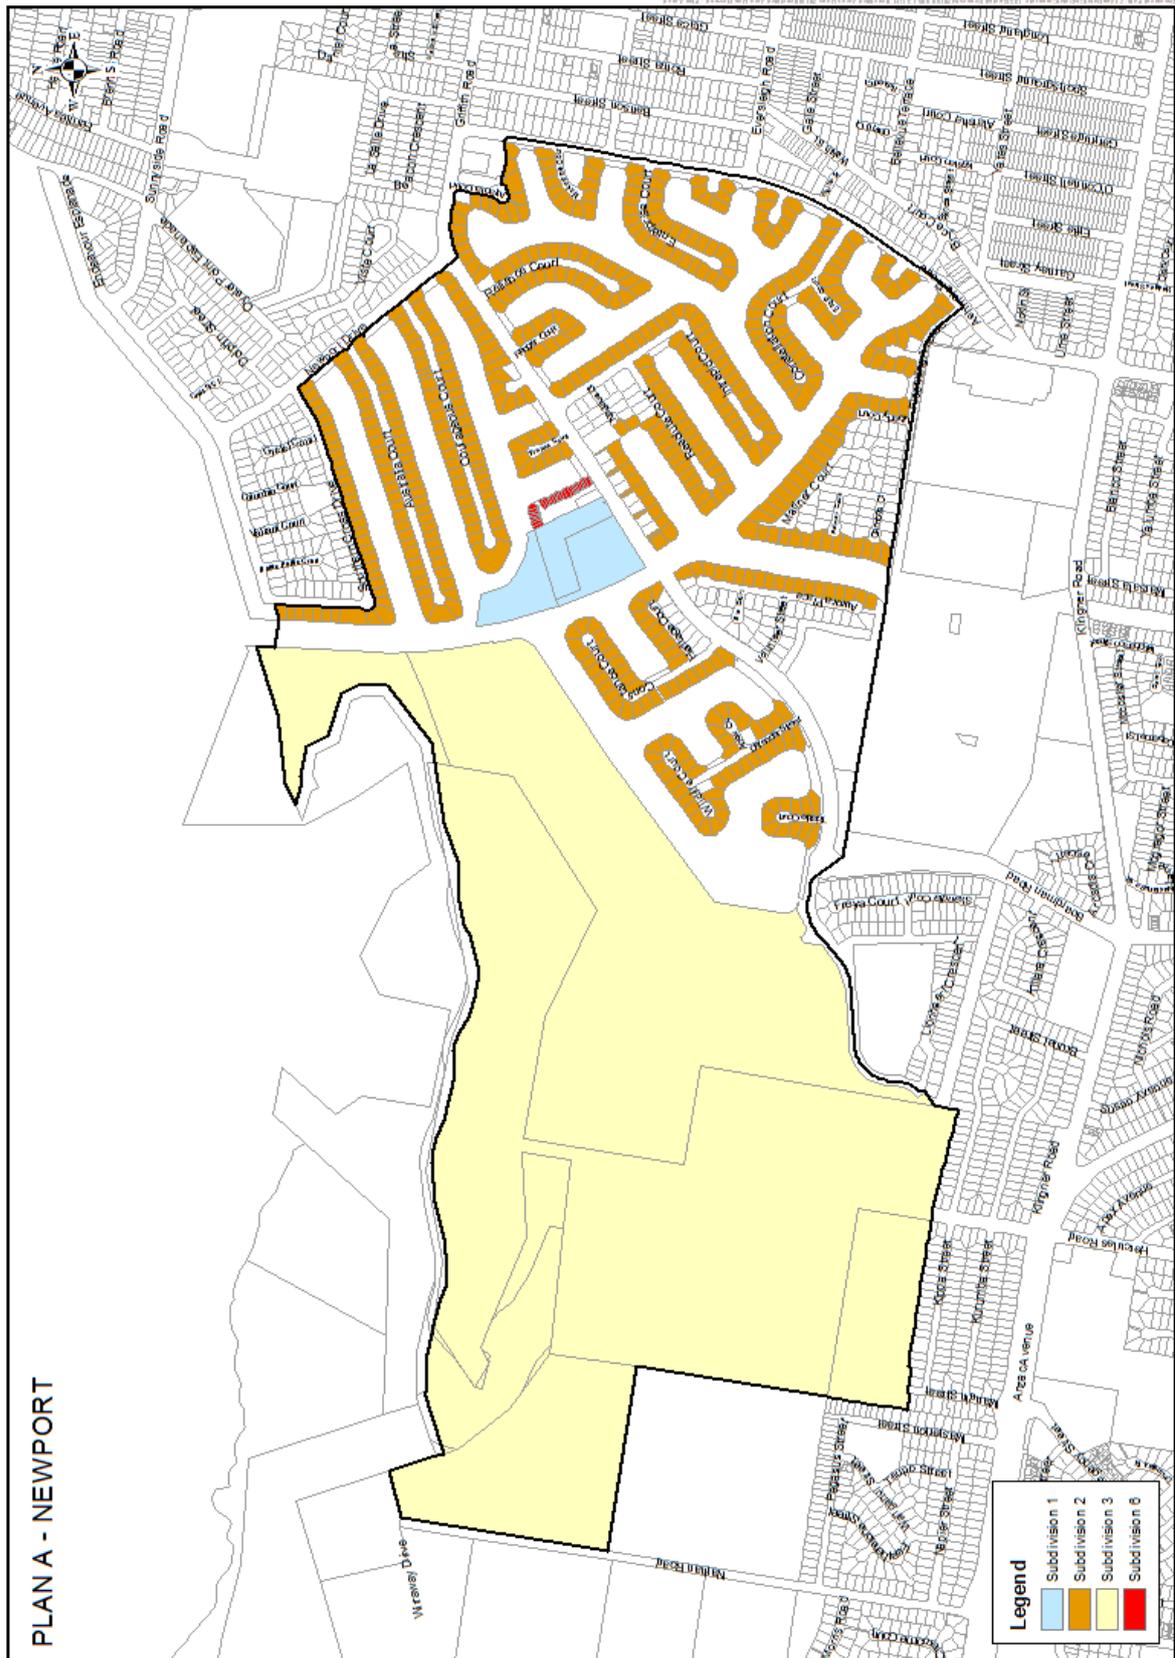

In accordance with section 118 of the Regulation, all rates and charges are to be paid within 30 days after the rate notice for the rates and charges is issued.

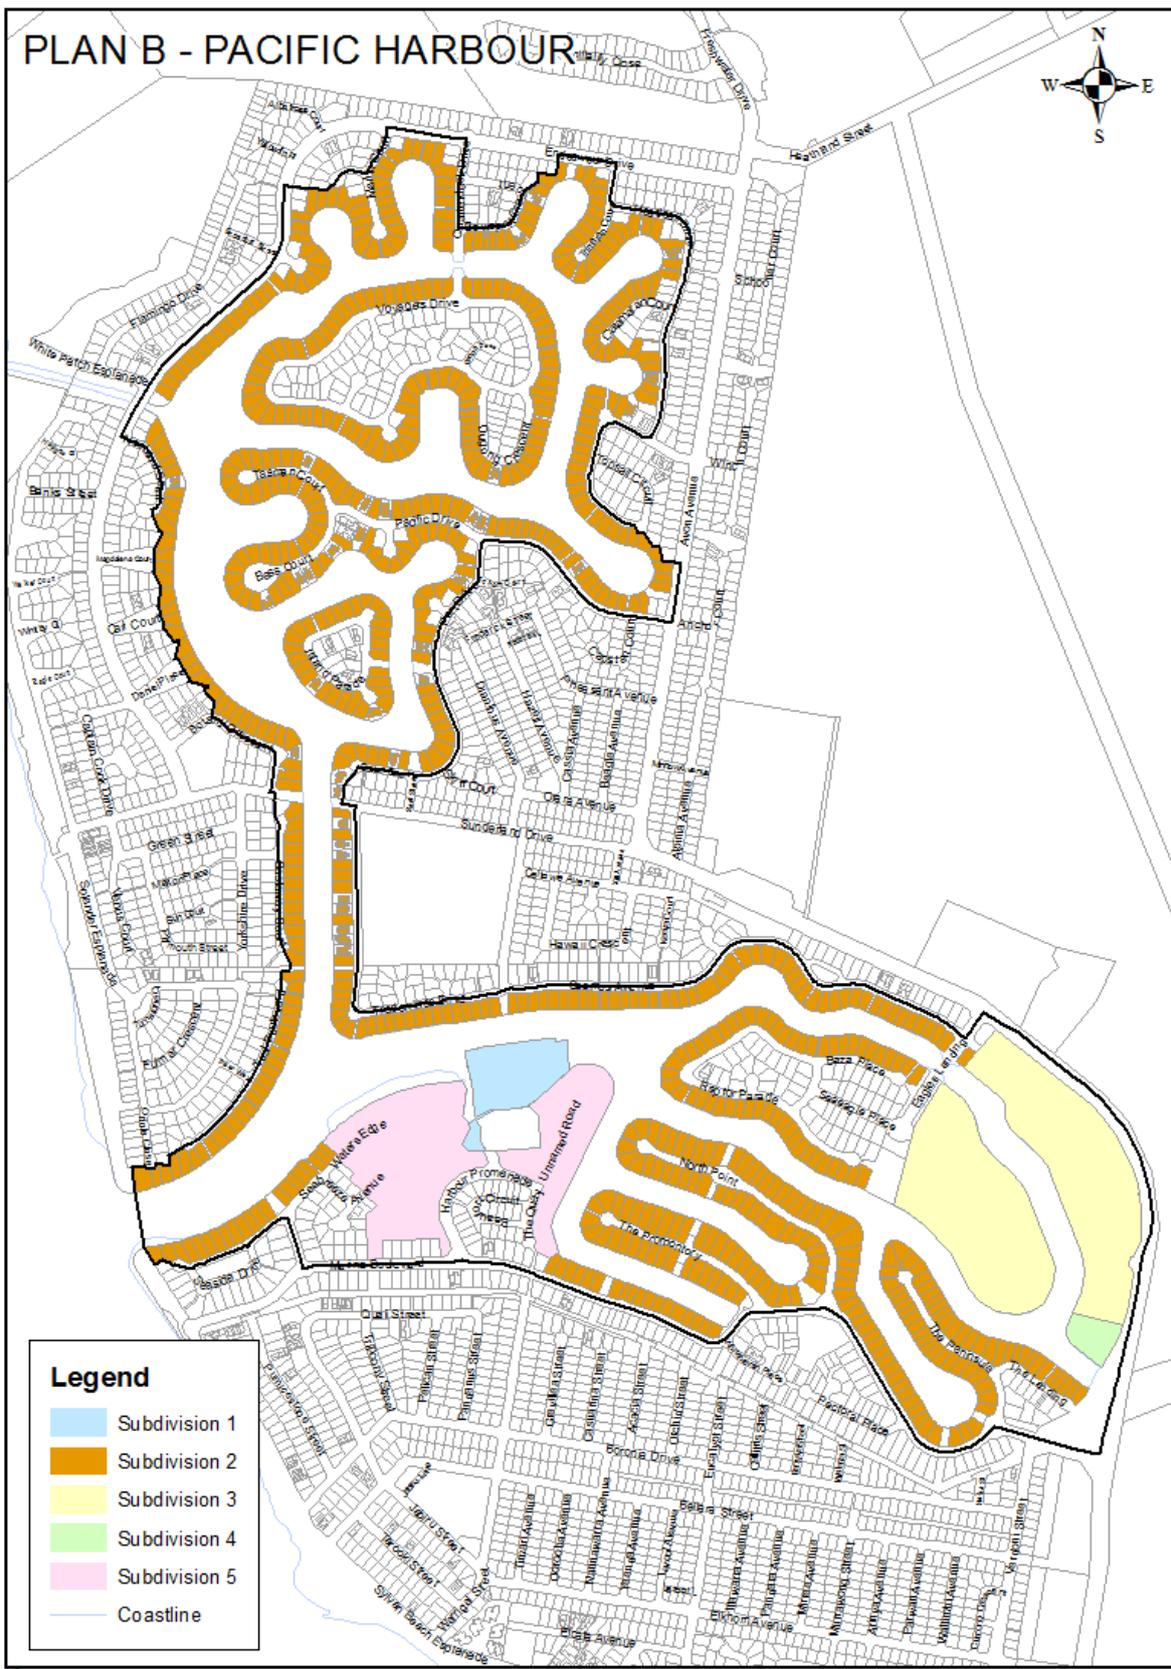

1.11 COST RECOVERY FEES

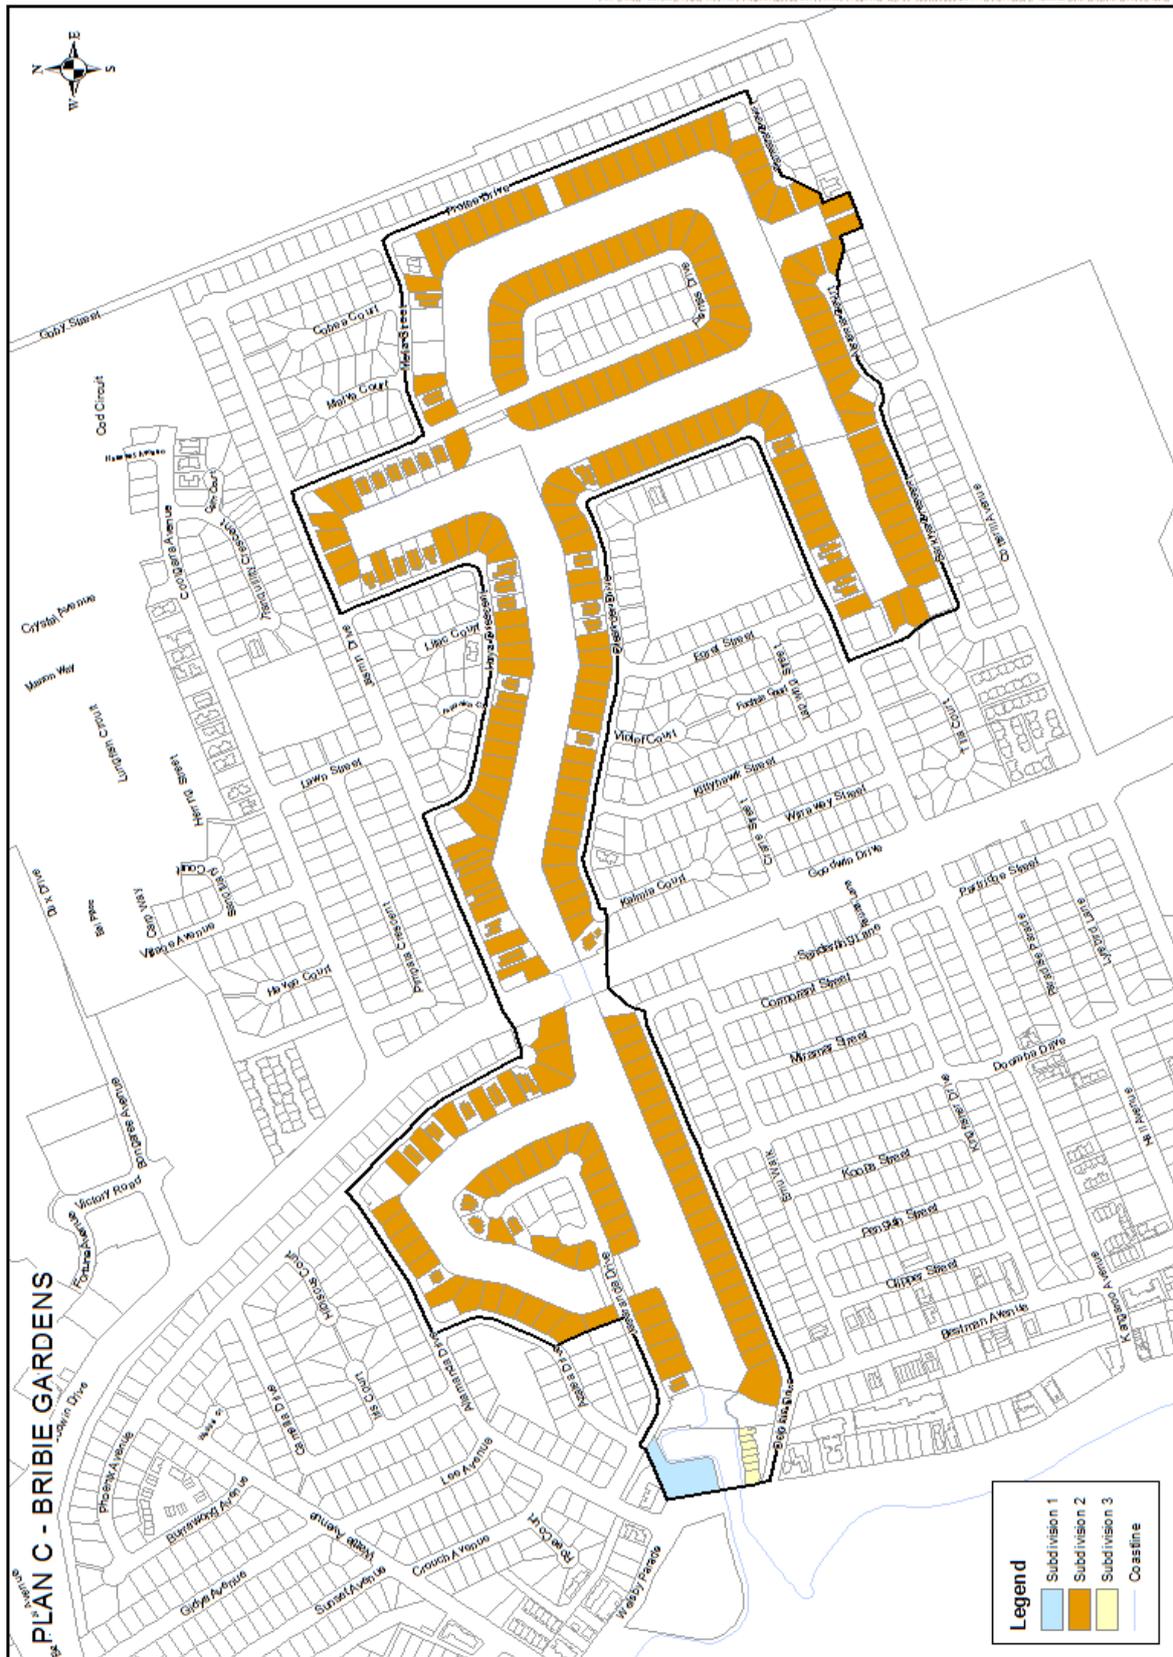

The amount of all cost recovery fees fixed by the Council will not be more than the cost to the Council of providing the service or taking the action for which the fee is charged.

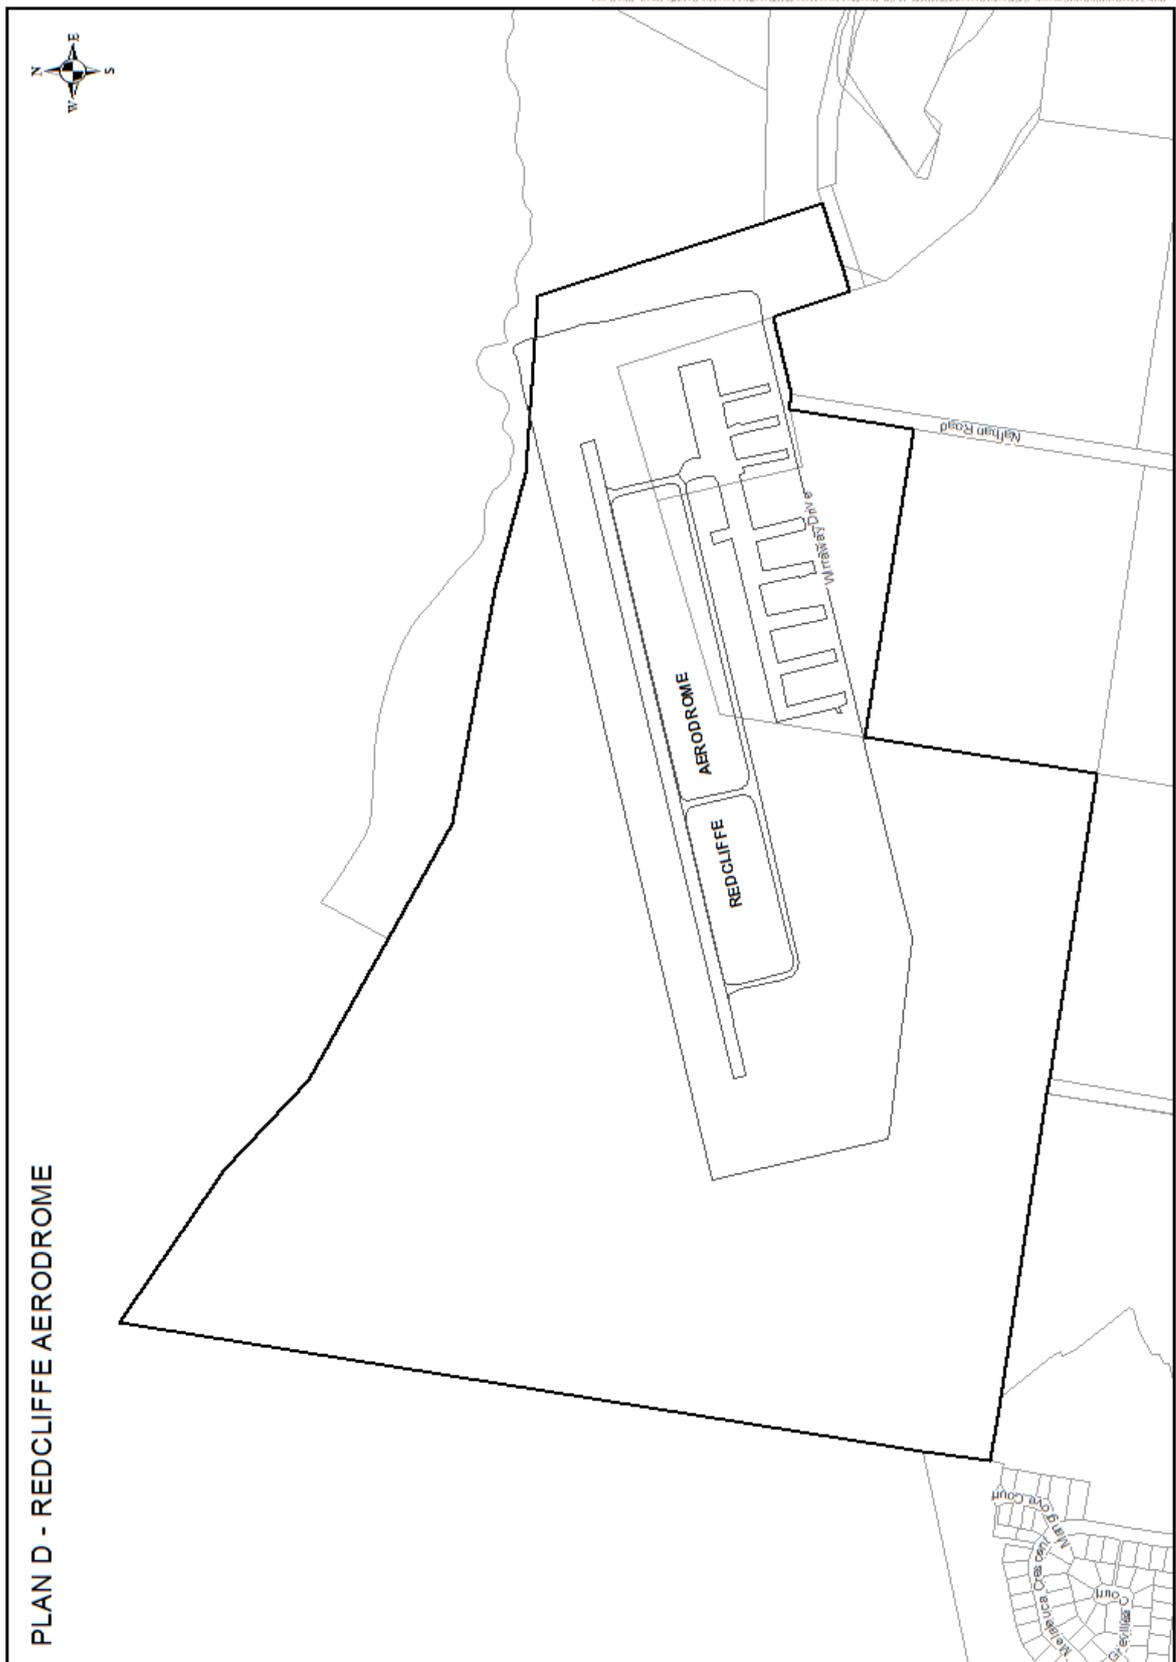

1.12 OTHER FEES

Other fees are set by the Council for the provision of services for which a cost recovery fee may not be fixed.
