## 1.1 Introduction

Integrated Infrastructure Planning (IIP) has been engaged by Moreton Bay Regional Council (MBRC) to undertake a second compliance check of its proposed Local Government Infrastructure Plan (LGIP).

IIP is required to:

- (1) evaluate whether a proposed LGIP complies with the requirements outlined under the statutory guideline for making and amending planning instrument (MALPI) and Statutory guideline 03/14 – Local government infrastructure plans, including the LGIP template, the SOW model and the LGIP Checklist.
- (2) provide a written statement and the completed checklist to the local government detailing the findings of the compliance check.

## Scope exclusions

The following items are outside the scope of this review:

- A verification of the accuracy of individual inputs used in the preparation of an LGIP.
- A review of the local government's Long Term Financial Forecast (LTFF) or asset management plan (LTAMP) other than to determine the extent of their alignment with the LGIP.

## **Compliance check findings**

The Deputy Premiers letter dated 2 November 2016 did not require amendment to the draft LGIP which was the subject of the first compliance check.

The MBRC proposed LGIP has been publicly notified, during which time Council received 20 submissions. As a result, the LGIP has been amended appropriately to address submissions with minor amendments to the open space and land for community facilities network, and other typographical amendments. Council is confident the changes are not significant.

## **Conclusions**

The Moreton Bay Regional Council Local Government Infrastructure Plan and associated documentation is compliant with the *Sustainable Planning Act 2009* and statutory guidelines.

## **Recommendations**

IIP recommends to the Moreton Bay Regional Council that the LGIP should proceed to the State for approval for adoption.

## **Recommended conditions to be imposed**

Nil.
