Please read the following notes about this map:

This overlay map only affects you if your property is identified in a Separation Area or Transport Route Buffer, and you wish to develop (e.g. build or extend, change use, subdivided, clear native vegetation, fill or excavate).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resource transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mineral Resources Act 1989.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code and development code for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council's website www.mbrcc.qld.gov.au/mbcc/planningscheme or contact Council on 3205 0555.

The Sustainable Planning Act 2000 does not apply to development in the area authorised under the Mineral Resources Act 1989, mining lease and mineral development licence areas other than:

(a) for administering DOs for the Heritage Act, in relation to a Governed heritage place under the Heritage Act; and

(b) some aspects of building work.

Interested parties may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Mineral Resources Act is administered.

Effective from 1 February 2016

Overlay Map
This overlay map only affects you if your property is identified in a Separation Area or Transport Route Buffer, and you wish to develop (e.g. build or extend, change use, subdivisions, clear native vegetation, etc).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resource transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mineral Resources Act 1989.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code and development code for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council’s website www.moretonbay.qld.gov.au/mbrcplanningscheme or contact Council on 07 3403 8222.

The Sustainable Planning Act 2009 does not apply to development in the area authorised under the Mineral Resources Act 1989, mining leases and mineral development licences other than:

(a) for administering DA's for the Heritage Act in relation to a Government heritage place under the Heritage Act; and

(b) some aspects of building work.

Interested persons may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Mineral Resources Act is administered.

Effective from 1 February 2016
Please read the following notes about this map:

This overlay map only affects you if your property is identified in a Separation Area or Transport Route Buffer, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, etc).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resource transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mining Resources Act 2008.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code and development code for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council’s website www.moretonbay.qld.gov.au/mbrcplanningscheme or contact Council on 3205 0555.

The Sustainable Planning Act 2009 does not apply to development in the area authorised under the Mineral Resources Act 1989, mining lease and mineral development licence areas other than:
(a) for administering DAS for the Heritage Act in relation to a Government heritage place under the Heritage Act; and
(b) some aspects of building work.

Referenced persons may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Mineral Resources Act is administered.

Effective from 1 February 2016
Please read the following notes about this map:

This overlay map only affects you if your property is identified in a Separation Area or Transport Route Buffer, and you wish to develop (e.g., build or extend, change use, subdivide, clear native vegetation, fill or excavate).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resource transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mineral Resources Act 1989.

This overlay map only affects you if your property is identified in a Separation Area or Transport Route Buffer, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, etc) ...
Please note: Do Not Print using "Page Scaling: Fit to Printable Area", this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.
Please read the following notes about this map:

This overlay map only affects you if your property is identified in a Separation Area or Transport Route Buffer, and you wish to develop (e.g., build or extend), change use, add facilities, clear native vegetation, etc. or excavate.

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resources transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mines Resources Act 1989.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code and development code for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council's website www.morenabay.qld.gov.au/overlayinformation or contact town planning on 1300 797 376.

The Sustainable Planning Act 2009 does not apply to development in the area authorised under the Mineral Resources Act 1989, mining leases and mineral development licence areas other than:

(a) for administering DA's for the Heritage Act, in relation to a Government heritage place under the Heritage Act; and
(b) some aspects of building work.

Interested persons may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Mineral Resources Act is administered.

Effective from 1 February 2016
