Please Note: Do Not Print using “Page Scaling: Fit to Printable Area”, this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with “Page Scaling: None”, and you will not see this message.
This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations, landfill and waste water supply sites, major electricity supply stations and transmission lines, gas and bulk water supply infrastructure, and operational airspace.

Inclusion in the map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council’s website www.moretontobay.qld.gov.au/planning-scheme or contact Council on 3205 0555.

Overlay Map

Effective from 20 June 2016

Please Note: Do Not Print using "Page Scaling: Fit to Printable Area", this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.
Please Note: Do Not Print using "Page Scaling: Fit to Printable Area", this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivisions, clear native vegetation, fill or excavate).

Inclusion in this map does not necessarily mean there are associated requirements.

Please read the following notes about this map:

Overlay Map

Property containing bulk water facility
Bulk water supply infrastructure
Water quality facility
Water supply buffer
Landfill site buffer - 20m
Gas Pipeline Buffer - 20m
Lake Samsonvale and Lake Kurwongbah setback - 40m
Lake Kurwongbah setback - 20m
Wastewater treatment plant buffer - 400m
Landfill site
Water supply
Wastewater treatment plant
Bulk water supply infrastructure buffer - 20m
Pumping station buffer
High-voltage electricity line buffer
Electricity supply substation buffer - 10m
Operational airspace contour
Operational airspace

Some of the information shown in this document has been provided to Moreton Bay Regional Council for use in its planning and development processes. While Moreton Bay Regional Council will take all reasonable steps to ensure that the information is accurate and complete, it is essential that you undertake your own enquiries to confirm that the information is correct.

Please refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

To the full extent that it is able to do so in law, Council disclaims any and all express, implied and statutory warranties about the accuracy, reliability, completeness or suitability for any particular purposes of the information shown in this document, and excludes all liability for its use or reliance on the information shown in this document for any purpose whatsoever.

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivisions, clear native vegetation, fill or excavate).

Inclusion in this map does not necessarily mean there are associated requirements.

Please refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council’s website: http://www.mortonbay.qld.gov.au/infrastructure/overlays

Published: 4:10:23 PM, Thursday, 2 June 2016

Effective from 20 June 2016
This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivision, clear native vegetation, fill or excavate).

The map shows buffers to infrastructure such as wastewater treatment plants and pumping stations, landfill and water supply sites, major electricity supply stations and transmission lines, gas and bulk water supply infrastructure, and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone codes, local plan codes and/or development controls for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information Sheet on Council’s website www.moretonbay.qld.gov.au/overlayinformation or contact Council on 3205 0555.

Effective from 20 June 2016

Please Note: Do Not Print using “Page Scaling: Fit to Printable Area”, this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.
Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property and you wish to develop (e.g. build or extend, change use, subdivision, clear native vegetation, bit or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council’s website.

Effective from 20 June 2016
Please read the following notes about this map:

This overlay map only applies to you if an infrastructure buffer is identified on your property and you wish to develop (e.g. build or extend, change use, subdivision, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations, landfill and water supply sites, major electricity supply stations and transmission lines, gas and bulk water supply infrastructure, and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

**PLANNING SCHEME**

**OVERLAY MAP - INFRASTRUCTURE BUFFERS**

- Aviation facility area of interest
- Operational airspace contour
- Operational airspace
- High-voltage electricity line buffer
- Electricity supply substation buffer – 10m
- Wastewater treatment plant buffer – 40m
- Wastewater treatment site buffer
- Pumping station buffer
- Landfill site buffer – 200m
- Landfill site
- Gas Pipeline Buffer – 200m
- Lake Samsonvale and Lake Kurwongbah setback – 440m
- Lake Kurwongbah setback – 20m
- Water supply buffer
- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility
- Bulk water supply infrastructure

**Pump station facility**
- Reservoir facility
- Water quality facility
- Pipeline

---

**Use of Overlay Map**

Please read the following notes about this map:

- This overlay map only affects you if an infrastructure buffer is identified on your property and you wish to develop (e.g., build or extend, change use, clear native vegetation, cut or excavate).

- This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations, landfills and water supply sites, major electricity supply stations and transmission lines, gas and bulk water supply infrastructure, and operational airspace.

- Inclusion in this map does not necessarily mean there are associated requirements.

- Refer to relevant zone code, local plan code and/or development bylaw for requirements associated with this overlay map.

- For further information regarding this overlay map, please refer to the Overlay Information Sheet on Council’s website.
