Please read the following notes about this map:

This overlay map only affects you if your property is identified in
the Landslide hazard area, and you wish to develop (e.g. build or
change use, cut, embank, clear native vegetation, fill or
excavate).

Under State Government requirements, planning schemes must
identify areas where landslide hazard planning controls apply. This
overlay map shows the Landslide hazard area and comprises land
with slopes greater than 15%.

Inclusion in this map does not necessarily mean there are associated
requirements.

Refer to the relevant zone code, local plan code and/or development
codes for requirements associated with this overlay.

For further information regarding this overlay map, please refer to the
Overlay information sheet on Council's website.

Effective from 1 February 2016

Please note: Do Not Print using "Page Scaling: Fit to Printable Area", this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.
Please read the following note about this map:

This overlay map only affects you if your property is identified in the Landslide hazard area, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

Please Note: Do Not Print using "Page Scaling: Fit to Printable Area", this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.
Please read the following notes about this map:

This overlay map only affects you if your property is identified in the landslip hazard area, and you wish to develop (e.g., build or extend, change use, subdivide, clear native vegetation, fill or excavate).

Under State Government requirements, planning schemes must identify areas where landslip hazard planning controls apply. This overlay map shows the landslip hazard area and comprises land with slopes greater than 15°.

Inclusion in the map does not necessarily mean there are associated requirements.

Refer to the relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council’s website www.moretonbay.qld.gov.au/mbrcplanningscheme or contact Council on 3205 0555.

Effective from 1 February 2016

Overlying map shows the Undercut area, extend, change use, subdivide, clear native vegetation, fill or excavate.

Please Note: Do Not Print using "Page Scaling: Fit to Printable Area", this will distort the scale of the map and impacts quality of text and linework. Please print using setup of A3 paper size and Landscape orientation, with "Page Scaling: None", and you will not see this message.
Please read the following notes about this map:

This overlay map only affects you if your property is identified in the landslide hazard area, and you wish to develop (eg, build or extend, change use, subdivide, clear native vegetation, fill or excavate).

Under State Government requirements, planning schemes must identify areas where landslide hazard planning controls apply. This overlay map shows the landslide hazard area and complex land with slopes greater than 15%.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to the relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet on Council’s website
