DCDB (Version Nov 2015) is reproduced with the permission of the State of Queensland.
This overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop (e.g., build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows areas having regionally significant and locally important scenic amenity values.

Regionally significant areas include land in the western part of the region above 140m AHD (AHD is Australian height datum, which is the altitude or elevation of the land). Locally important areas include land in proximity to the foreshore at Scarborough, Coolum, Maroochydore, Waddy Point and Coolum South.

Inclusion on this map does not necessarily mean there are associated requirements.

Refer to the relevant zone codes, local plan codes and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council’s planning scheme website (www.moretonbay.qld.gov.au/mbrplanningscheme) or contact your local planner.

Please read the following notes about this map:

- This overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop (e.g., build or extend, change use, subdivide, clear native vegetation, fill or excavate).
- This map shows areas having regionally significant and locally important scenic amenity values.
- Regionally significant areas include land in the western part of the region above 140m AHD (AHD is Australian height datum, which is the altitude or elevation of the land).
- Locally important areas include land in proximity to the foreshore at Scarborough, Coolum, Maroochydore, Waddy Point and Coolum South.
- Inclusion on this map does not necessarily mean there are associated requirements.
- Refer to the relevant zone codes, local plan codes and/or development codes for requirements associated with this overlay map.
- For further information regarding this overlay map, please refer to the Overlay information sheet on Council’s planning scheme website (www.moretonbay.qld.gov.au/mbrplanningscheme) or contact your local planner.

State Interest Review

and Consultation Version 2019

Overlay Map

Moreton Bay
Please read the following notes about this map:

This overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop the land, build or extend, change use, subdivide, clear native vegetation, fill or excavate.

This map shows areas having regionally significant and locally important scenic amenity values.

Regionally significant areas include land in the western part of the region above 140m AHD (AHD is Australian Height Datum, which is the altitude or elevation of the land).

Locally important areas include land in proximity to the foreshore at Bongaree, Redcliffe, Margate, Woody Point and Clontarf.

Inclusion on the map does not necessarily mean there are associated requirements.

Refer to the relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's planning scheme website: www.moretonbay.qld.gov.au/mbrcplanningscheme or contact Planning and Environment.
Please read the following notes about this map:

The overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows areas having regionally significant and locally important scenic amenity values.

Regionally significant areas include lands in the eastern part of the region above 140m AHD (AHD is Australian height datum, which is the altitude or elevation of the land).

Locally important areas include land in proximity to the foreshore at Sandstone Point, Moresby, Moresby Point and Clarenvale.

Inclusion on this map does not necessarily mean there are associated requirements.

Refer to the relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Moreton Bay Regional Council’s planning scheme website at www.mortonbay.qld.gov.au/planning-scheme or contact Council for further details.

This overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop (e.g. build or extend, change use, clear native vegetation, fill or excavate).

This map shows areas having regionally significant and locally important scenic amenity values.

Regionally significant areas include land in the eastern part of the region above 140 m AHD (AHD is Australian height datum, which is the altitude or elevation of the land).

Locally important areas include land in proximity to the foreshore at Burpengary, Parkwood, Moresby, Woody Point, and Claren岬.

Inclusion on this map does not necessarily mean there are associated requirements.

Refer to the relevant zone code, local plan code and/or development criteria for requirements associated with the overlay map.

For further information regarding this overlay map, please refer to the Council’s information sheet on Council’s planning scheme website: www.mortonbay.qld.gov.au/mbrcplanningscheme or contact Council on 3205 0555.

Proposed Tailored Amendment 1
State Interest Review
and Consultation Version 2019
Please read the following notes about this map:

This overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows areas having regionally significant and locally important scenic amenity values.

Regionally significant areas include land in the eastern part of the region above 140m (459 ft) or land at a higher elevation than 140m (459 ft) which is a higher elevation than the land.

Locally important areas include land in proximity to the foreshore at Sandgate, Tewantin, Maroochydore, Woody Point and Deception Bay.

Inclusion on this map does not necessarily mean there are associated requirements.

Refer to the relevant zone codes, local plan code and/or development codes for requirements associated with the overlay map.

For further information regarding the Overlay map, please refer to the Overlay information sheet on Council’s planning scheme website (web.morrc.qld.gov.au/plan/planningscheme) or contact Council on 3205 0555.

This overlay map only affects you if your property is in a locally important or regionally significant area, and you wish to develop (e.g., build or extend), change use, subdivide, clear native vegetation, fill or excavate.

This map shows areas having regionally significant and locally important scenic amenity values.

Regionally significant areas include land in the eastern part of the region above 100m (400 ft).

Locally important areas include land in proximity to the following locations:
- Mossman Point
- Woody Point
- Clontarf

Inclusion on the map does not necessarily mean there are associated requirements.

Refer to the relevant zone code, local plan code and/or development codes for requirements associated with the overlay map.

For further information regarding this overlay map, please refer to the Moreton Bay Regional Council's planning scheme website (www.moretonbay.qld.gov.au/mbrcplanningscheme) or contact Council on 320 5 05 55.
