Council does not accept any liability (including liability in negligence) for all costs, losses and damages (including indirect and consequential costs, losses and damages) caused by or arising from anyone using or relying on the information shown in this document for any purpose whatsoever.
Please note the following notes about this map:

This overlay map only affects you if your property is identified in a separation area or transport route buffer, and you wish to develop (e.g., build or extend, change use, subtract, clear native vegetation, or excavate).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resource transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mineral Resources Act 1989.

Inclusion on this map does not necessarily mean there are associated requirements.

Refer to relevant zone code and development code for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay Information sheet or Council’s planning scheme website (www.moretonbay.qld.gov.au/mbrcplanningscheme) or contact Council on 5160 0000.

The Sustainable Planning Act 2009 does not apply to development in the area authorised under the Mineral Resources Act 1989, mining lease and mineral development licence area other than:

(a) for administering DRIA for the Heritage Act in relation to a Queensland heritage place under the Heritage Act; and

(b) some aspects of building work.

Interested persons may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Mineral Resources Act is administered.

Proposed Tailored Amendment 1

State Interest Review and Consultation Version 2019

Overlay Map
Please read the following notes about this map:

This overlay map only affects you if your property is identified in a separation area or transport route buffer, and you wish to develop (e.g. build or extend, change use, subdivision, clear native vegetation, SE or excavate).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas, and extractive resource transport routes and buffers. This map also shows mineral leases and mineral development licence areas in accordance with the Mineral Resources Act 1995.

Please note on the map does not necessarily mean there are associated requirements.

Refer to relevant zone code and development code for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council planning scheme website (www.qplanning.com.au/moretonbay/docs/ or contact the Planning Team at Council.

The Sustainable Planning Act 2009 does not apply to development in the area authorised under the Mineral Resources Act 1995, mining lease and mineral development licence areas other that:
(a) for administering D494 for the Heritage Act, in relation to a Governed Heritage Item under the Heritage Act; and
(b) some aspects of building work.

Interested parties may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Mineral Resources Act is administered.

  - some aspects of building work.
- Interested parties may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the licence was granted.
Please read the following notes about this map:

This overlay map only affects you if your property is identified in a production area or transport route buffer, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

In accordance with State Government requirements, this map shows extractive resource processing areas, separation areas and extractive resource transport routes and buffers. This map also shows mining leases and mineral development licences in accordance with the Mineral Resources Act 1989. Inclusions on the map do not necessarily mean there are associated requirements.

Refer to relevant zone and development codes for requirements associated with the overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's planning scheme website (www.moretonbay.qld.gov.au/mbrcplanningscheme) or contact Council on 1300 88 1300.

The Sustainable Planning Act 2009 does not apply to development in the area authorised under the Mineral Resources Act 1989, mining lease and mineral development licence areas other than:

(a) for administering DA for the Heritage Act, in relation to a Government heritage place under the Heritage Act; and
(b) some aspects of building work.

Interested persons may obtain details of the mining lease or mineral development licence from the chief executive of the State Government department in which the Minerals Resources Act is administered.
