I, John Rauber, Chief Executive Officer, of the Moreton Bay Regional Council, hereby certify that this document is a true copy of the original.

John Rauber
Chief Executive Officer
HEAD OF POWER
This policy is a document that supports the PineRiversPlan and has been made by Council using the process prescribed in the Integrated Planning Act 1997.

OBJECTIVE
The purpose of this policy is to:-
(1) prescribe those circumstances under which Council will require a monetary contribution towards frontage road works construction in lieu of the developer carrying out the frontage road works required under the relevant code;
(2) provide details of the contribution charges rates and the methods of determining the amount of contribution payable; and
(3) state the time for payment of the contributions.

DEFINITIONS/APPLICATION
Application
This policy applies to each development application for Reconfiguring of a Lot where:-
(1) the development approval for Reconfiguring of a Lot creates an excision lot in the future urban zone; or
(2) a parcel of land is severed by a road and the plan of subdivision creates separate lots for residential occupation in respect of the severances; or
(3) the development approval for Reconfiguring of a Lot creates lots in the Park Residential or the Rural Residential zone and the Council is satisfied that the existing frontage road is safe, the existing pavement and seal is in good condition, the existing pavement and seal has sufficient width for the anticipated traffic requirements and is likely to remain serviceable without being upgraded for the currency period of the approval.

Definitions
Unless otherwise indicated in this policy, all terms used have the meanings prescribed in the PineRiversPlan.

POLICY STATEMENT
(1) Council Policy
For development to which this policy applies, the Council will require a contribution towards the cost of reconstruction and upgrading the road frontage as a condition of a development permit pursuant to the Integrated Planning Act 1997.

(2) Times for Payment of Contributions
The road works contribution shall be paid by the developer before the Council approves (signs and seals) the plan of subdivision.

(3) Monetary Contributions
The contribution charge rate effective from 1 July 2003 is given in Table 1. The rate in Table 1 shall be adjusted to provide for inflationary factors in line with movements in the Consumer Price Index (All Groups-Brisbane) from the effective date (1 July 2003) to the time of payment.

1 Excision Lot means a single lot created by subdivision of land in the Future Urban Zone. One excision lot only shall be created in the Future Urban zone from a parent parcel of land that was created prior to 14 May 1988.

REVIEW TRIGGERS

This policy is reviewed internally for applicability, continuing effect and consistency with planning scheme and other legislative provisions when any of the following occurs:-

(1) the planning scheme is amended;
(2) the planning scheme is replaced by a new planning scheme;
(3) amendments which affect the allowable scope and effect of a planning scheme policy are made to the Integrated Planning Act 1997; and
(4) other circumstances as determined from time to time by a resolution of Council.

RESPONSIBILITY

This policy is to be:

(1) implemented by the Senior Manager, Development Services; and
(2) reviewed and amended in accordance with the “Review Triggers” by the Senior Manager, Regional and Environmental Planning in consultation with the Senior Manager, Development Services.
