Regional Arts Development Fund

The Regional Arts Development Fund (RADF) is a partnership between state and local governments which invests in quality arts and cultural experiences across Queensland based on locally determined priorities.

RADF promotes the role and value of arts, culture and heritage as key drivers to: support diversity and inclusivity; grow strong regions; and provide training, education and employment opportunities for Queensland artists and local communities.

RADF Objectives

The RADF objectives as a state-wide program are to:

The high demand for funding under Moreton Bay Regional Council’s RADF Grants Program means that not all grant applications are able to be funded. Even though an application may meet the eligibility criteria, grants are highly competitive and success will depend on the number of applications received, the relative merit and quality of the application, how well the project aligns with priorities of the RADF Grants Program and available funds.
