

Archer Street, Woodford; Streetscape Upgrade

Project Summary

Archer Street, Woodford, is a key transport corridor for motorists, heavy vehicles, and pedestrians. In acknowledgement of this, Moreton Bay Regional Council is working to carry out enhancements to the western side of Archer Street, to create a more vibrant, pedestrian and transport friendly environment.

The 400m of corridor enhancement, are programmed to coincide with scheduled road resurfacing works to protect and ensure the ongoing longevity of the road pavement surface.

The Archer Street, Streetscape Upgrade project will include:

- Improved pedestrian connectivity across Archer Street, including integration with the proposed Department of Transport and Main Roads Pedestrian Activated signals project,
- Enhancing the current streetscape reflective of the local rural character,
- Improve road safety by formalising service lanes and limiting opportunities for vehicles to pull out onto the D'Aguilar Highway,
- New footpath treatments, to provide a consistent footpath finish,
- Wayfinding signage, consistent with the new Moreton Bay Regional Wayfinding Suite,
- Additional shade trees to reduce urban heat-island effects.

Key Features

- 1 Car park rationalisation,
- 2 Formalisation of slip lane to limit access points on to D'aguilar Highway
- 3 Footpath renewal and upgrade to provide a consistent finish
- 4 Raised zebra crossing to provide at grade pedestrian access
- 5 Memorial tree garden bed restoration and improvements
- 6 Retention of heavy vehicle and caravan parking
- 7 Increase in motor cycle parking
- 8 Gateway entrance/ exit into the Archer Street service lane to provide sense of place

Legend

-  New footpath. Includes a mixture of exposed aggregate finishes
-  Restored memorial tree garden beds
-  Gateway entrance into Archer Street
-  Gateway exit onto D'aguilar Highway
-  Increase motor cycle parking
-  60 Degree parking with wheel stops to limit direct access onto the D' Aguilar Highway
-  Non-integrated at grade zebra crossing
