

# Caboolture to Wamuran Rail Trail

## Stage 1- Beerburrum Road Trail Head Section

### About the Project

Construction will soon commence on Stage 1 of Caboolture to Wamuran Rail Trail Shared Pathway.

The Caboolture to Wamuran Rail Trail is a 10.5 km long, 3m to 3.5m wide shared pathway commencing from Beerburrum Road, Caboolture and terminating at Atwood Street, Wamuran.

The rail trail includes a major entry statement in Caboolture and Wamuran and will include shelters, lighting, information map boards, drinking fountains, seating, and landscaping.

The pathway is designed for all-weather usage being mostly constructed of asphalt with some key entry sections of decorative concrete.

Features of the trail include bridges, road crossings, tunnels, seating nodes, landscaping and wayfinding signage.

Construction will commence on Stage 1 of the project (Caboolture to Moodlu) in mid 2017. Stage 1 will include the major entry statement on Beerburrum Road at Caboolture. The trail will provide a key transport link for pedestrians and cyclists attending local schools including Tullawong State School, Tullawong State High School, Grace Lutheran College, St Peter's Catholic Primary School and St Paul's Lutheran Primary School.

The project is part of a \$4.6 million investment by Moreton Bay Regional Council and the Queensland Government to deliver cycle and pedestrian facilities between Caboolture and Wamuran making sustainable travel easier.
