Project notice

Start of roadworks: Old Gympie and Boundary Roads intersection upgrade, Dakabin

Council will start major road construction works in January 2023 to upgrade the intersection of Old Gympie and Boundary Roads in Dakabin. You will have noticed service relocation works occurring over previous months to enable construction to start. The upgrade will help improve safety, increase traffic capacity and reduce traffic delays at the intersection.

Refer overleaf for a plan showing the layout of the upgraded intersection.

Works involved:

- Removal of the existing roundabout and other road infrastructure
- Construction of a signalised intersection including pedestrian crossing facilities and raised median islands
- Installation of on-road bicycle lanes and shared pathways, including connections to the Bruce Highway overpass shared path
- Landscaping and reinstatement works.

Project timing

Major construction works are planned to start at the intersection in January 2023. Works are expected to be ongoing until late 2023, weather and site conditions permitting.

Minor works are occurring at the intersection prior to Christmas to prepare the site and confirm the location of existing services.

Work hours

Standard work hours are Monday to Friday between 6.30am and 6.30pm.

Due to high traffic volumes, some works will need to be done outside of these hours at nights or on weekends. Notification will be provided to nearby properties in advance of out-of-hours work occurring.

What to expect

Due to the complexity of the works, some disruptions are expected during construction, including:

- Temporary traffic and pedestrian changes such as reduced speed limits and lane and footpath closures. Traffic control and signage will be in place for the safety of workers and the community
- Noise from construction activities. We will make every effort to reduce the impacts of the work.

Council thanks the community for their patience while we deliver these works. For further information please visit the project website mbrc.link/old-gympie-road-upgrade or contact us on **3205 0555** or email mbrc@moretonbay.qld.gov.au.
