PLANNING SCHEME
OVERLAY MAP - INFRASTRUCTURE BUFFERS

- Aviation facility area of interest
- Operational airspace contour
- Operational airspace
- High voltage electricity line buffer
- Electricity supply substation buffer - 10m
- Wastewater treatment site buffer - 400m
- Wastewater treatment site
- Pumping station buffer
- Landfill site buffer - 200m
- Landfill site
- Gas Pipeline Buffer - 200m
- Lake Samsonvale and Lake Kurwongbah setback – 400m
- Lake Kurwongbah setback – 80m
- Water supply buffer
- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

Moreton Bay Regional Council

PLANNING SCHEME
OVERLAY MAP - INFRASTRUCTURE BUFFERS

- Aviation facility area of interest
- Operational airspace contour
- Operational airspace
- High voltage electricity line buffer
- Electricity supply substation buffer - 10m
- Wastewater treatment site buffer - 400m
- Wastewater treatment site
- Pumping station buffer
- Landfill site buffer - 200m
- Landfill site
- Gas Pipeline Buffer - 200m
- Lake Samsonvale and Lake Kurwongbah setback – 400m
- Lake Kurwongbah setback – 80m
- Water supply buffer
- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

PLANNING SCHEME
OVERLAY MAP - INFRASTRUCTURE BUFFERS

- Aviation facility area of interest
- Operational airspace contour
- Operational airspace
- High voltage electricity line buffer
- Electricity supply substation buffer - 10m
- Wastewater treatment site buffer - 400m
- Wastewater treatment site
- Pumping station buffer
- Landfill site buffer - 200m
- Landfill site
- Gas Pipeline Buffer - 200m
- Lake Samsonvale and Lake Kurwongbah setback – 400m
- Lake Kurwongbah setback – 80m
- Water supply buffer
- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

PLANNING SCHEME
OVERLAY MAP - INFRASTRUCTURE BUFFERS

- Aviation facility area of interest
- Operational airspace contour
- Operational airspace
- High voltage electricity line buffer
- Electricity supply substation buffer - 10m
- Wastewater treatment site buffer - 400m
- Wastewater treatment site
- Pumping station buffer
- Landfill site buffer - 200m
- Landfill site
- Gas Pipeline Buffer - 200m
- Lake Samsonvale and Lake Kurwongbah setback – 400m
- Lake Kurwongbah setback – 80m
- Water supply buffer
- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.

PLANNING SCHEME
OVERLAY MAP - INFRASTRUCTURE BUFFERS

- Aviation facility area of interest
- Operational airspace contour
- Operational airspace
- High voltage electricity line buffer
- Electricity supply substation buffer - 10m
- Wastewater treatment site buffer - 400m
- Wastewater treatment site
- Pumping station buffer
- Landfill site buffer - 200m
- Landfill site
- Gas Pipeline Buffer - 200m
- Lake Samsonvale and Lake Kurwongbah setback – 400m
- Lake Kurwongbah setback – 80m
- Water supply buffer
- Bulk water supply infrastructure buffer – 20m
- Property containing bulk water facility

Bulk water supply infrastructure

- Pump station facility
- Reservoir facility
- Water quality facility
- Pipeline

Please read the following notes about this map:

This overlay map only affects you if an infrastructure buffer is identified on your property, and you wish to develop (e.g. build or extend, change use, subdivide, clear native vegetation, fill or excavate).

This map shows buffers to infrastructure such as wastewater treatment plants and pumping stations; landfill and water supply sites; major electricity supply stations and transmission lines; gas and bulk water supply infrastructure; and operational airspace.

Inclusion in this map does not necessarily mean there are associated requirements.

Refer to relevant zone code, local plan code and/or development codes for requirements associated with this overlay map.

For further information regarding this overlay map, please refer to the Overlay information sheet on Council's website (www.moretonbay.qld.gov.au/mbrcplanningscheme)or contact council on 3205 0555.
