Ali and Lina respond to storms

Lina has a message from MoretonAlert.

She clicks on the link to see the BOM radar image.
The storm is close to Caboolture. There may be large hail.
Lina puts the car in the garage.

The wind is very strong.

Ali and Lina put their emergency kit on the kitchen table.

A tree in Ali and Lina's yard is hit by lightning. The tree hits the roof of the house. Ali and Lina have no electricity.

Ali calls the SES for help. He also calls Energex. Ali and Lina listen to the radio for up to date information.

The SES removes the tree. Then they cover the roof to stop water getting into the house.

Later the power company fixes the electricity.
Ali and Lina have power again.
