Following amendments to the Public Sector Ethics Act 1994, a draft Code of Conduct for employees was developed. The new Code of Conduct for employees of Moreton Bay Regional Council was adopted on 19 June 2012.

All Officers will undertake training in relation to the new Code next financial year. A copy of the Code can be viewed on council's website or a copy can be obtained from any of council's Customer Service Centres.

Our Ethical Culture

The Code of Conduct for employees also encourages a culture where ethical conduct is recognised, valued at all levels and ensures that appropriate action is taken to prevent fraud and corruption. This is supported by the Fraud and Corruption Policy which contains guiding principles that apply to all council officers in relation to fraud and corruption prevention. These principles are as follows:

- The prevention of fraud and corruption and the management of incidents are an integral part of council's business processes and the responsibility of all employees
- All officers are accountable for their own conduct
- All officers are encouraged to report fraudulent and corrupt activity, and will be supported in doing so
- Risk management principles are to be applied in the management of fraud and corruption

The Public Interest Disclosure Policy further supports this culture by:

- Creating a positive reporting environment that encourages the making of public interest disclosures
- Providing processes that ensure Public Interest Disclosures are dealt with in a thorough and timely manner
- Providing appropriate support and protection to council personnel or members of the public who make a Public Interest Disclosure
- Ensuring that council fulfils its responsibilities under the Public Interest Disclosure Act 2010.

Council is committed to taking all reasonable steps to ensure that officers are actively discouraged from engaging in any form of fraud or corruption activities.

Councillors must declare any material personal interest in matters brought before council and leave the chambers when the matter is being considered and voted on. Councillors are also required to disclose any personal or professional associations that could reasonably be regarded as having a conflict of interest in an issue being considered, or about to be considered, at a meeting.

A copy of the Councillors' Registers of Interest can also be viewed on council's website www.moretonbay.qld.gov.au.

In accordance with the Local Government Act 2009 Councillors and relevant officers must declare any gift or accumulation of gifts valued at over \$500 for registration in the Register of Interests for Gifts, Hospitality & Memberships. In accordance with council's 'Gifts, Sponsored Hospitality Benefits, Awards & Prizes' Policy, officers must declare any gifts received over \$100 in value, for registration in the Gifts Register.

Complaints Management Process – Administrative Action Complaints

Council has established a process for dealing with and resolving administrative action complaints whilst promoting:

- A fair, efficient and consistent treatment of complaints about the administrative actions of the council;
- Detection and rectification of administrative errors;
- Identification of administrative practices which could be improved by the council;
- A greater awareness of the complaints process by the council's staff and the community;
- Enhancement of the community's confidence in the council's complaints process; and
- Building the capacity of staff to effectively manage complaints and foster an attitude of continuous improvement.

The policy and complaints handling framework has been developed to provide consistency and fairness when dealing with and resolving these types of complaints.

The policy and framework was communicated to all officers and a copy of the policy appears on council's website for the general public to readily access.

Further information on council's Complaints Policy and Process can be obtained at www.moretonbay.qld.gov.au.

A Complaints Register has been established providing details with regard to the outcomes of complaints. This is reviewed from time to time in relation to the type of complaints and resolution rates.

There were six complaints lodged under the general complaints process – administrative action complaints and these complaints were resolved.

Competitive neutrality

In accordance with Section 48 of the Local Government Act 2009 Council is required to adopt a process for resolving competitive neutrality complaints. The process must deal with resolving concerns prior to a formal complaint being made (preliminary review process). Concerns that cannot be resolved after a genuine attempt has been made can become a formal complaint that will be referred to the Queensland Competition Authority as council's appointed referee for investigating and reporting on competitive neutrality complaints about the council's business activities.

Council has adopted a Competitive Neutrality Complaints Policy in order to provide a process for resolving these complaints.

Council received no investigation notices for complaints and references during this financial year. As a result, there were no referrals to the Queensland Competition Authority.

Right to Information & Information Privacy

Pursuant to the Right to Information Act (RTI Act), a person has the right to access information held by council not available via Councils Publication Scheme.

The RTI Act deals primarily with access to non-personal information. Access to personal information can only occur where there is a mixed access application. A mixed access application is an application for a combination of the applicant's personal information and another person's personal information.

Should access to another's personal information be requested, council may consult with the other party concerning release of the information.

'Information' includes (but not restricted to):

- a paper file
- microfiche
- print-outs
- computer records and files
- visual material (eg. films, photographs)
- audio-visual material

During the reporting year council received 104 applications under the Act, of which 1 remained outstanding at the end of the financial year. Five applications went to internal review. Under the Act council endeavours to provide access to as many documents under the administrative access arrangements as possible.

Applications to access documents under the RTI Act must be made on the approved form which is available on council's website and at Customer Service Centres.

A key aspect of democratic governance is the responsible handling of personal information and Moreton Bay Regional Council is strongly committed to protecting the individual's right to privacy and protecting the personal information of individuals.

The Information Privacy Act 2009 (Qld) (the Act) provides for access and amendment rights to personal information held by the council.

Obligations about the collection, use, storage and disclosure of personal information are provided in the Information Privacy Principles (Principles) contained in the Act.

The eleven (11) Principles are contained in Schedule 3 in the Act and appear in Appendix "A".

Under the Act personal information held by Local Governments must be responsibly and transparently collected and managed (including transfer of personal information held by council to other agencies, other levels of Government and to the community sector or private sector) in accordance with the Principles.

The Act also provides a new complaint mechanism for any act or practice that is a breach of the Principles. Council has adopted a Privacy Plan to both assist officers when dealing with privacy matters and also to provide assurance to members of the public in understanding how their personal information is managed within the council and in accordance with the Act.

During the reporting year council received under the Act no Information Privacy applications and no Personal Information Amendments applications.

Reimbursement of Expenses and Provision of Facilities for Councillors

Council will pay direct or reimburse the councillor reasonable expenses relating only to the categories listed below provided that those expenses are part of the process of councillors discharging their official duties:

This Policy complies with the following principles developed for the Reimbursement of Expenses and Provision of Facilities for Councillors:

1. Use of public monies in the public interest by responsible budgeting and accounting.
2. Fair and reasonable allocation of council resources (allowances, facilities and other benefits) to enable all Councillors to conduct the duties of their office.
3. Transparent decision-making by public disclosure of policy and resolutions; and
4. Accountability for expenditure and use of facilities through full justification and acquittal.

Councillors need to be reasonably resourced to enable them to effectively discharge their duties and responsibilities.

The payment and/or reimbursement of expenses and provision of facilities for Councillors:

- is to be open and transparent, prudent, responsible, acceptable to the community and in accordance with statutory requirements;
- based on ensuring economy and efficiency; and
- subject to budget provisions.

Implementation of Policy

Only Councillors are entitled to reimbursement of expenses or have access to facilities allocated for their use by the council under this Policy. Wherever practicable, council officers will provide the specified facilities and manage the payment on behalf of the Councillors. Any claims by Councillors for reimbursement of expenses are to be authorised by the CEO or delegated Officer.

Payment Or Reimbursement Of Expenses

Council will pay direct or reimburse the Councillor the reasonable expenses relating only to the categories listed below provided that those expenses are part of the process of Councillors discharging their official duties:

- (1) **Council business** – representing council at conferences and workshops or delivering a paper on behalf of council, provided that such attendance has been specifically directed/authorised by a resolution of council, reimbursement of expenses to the extent specified in the Reimbursement of Travel Expenses Policy Directive applies. Where the Mayor or Councillor is required to represent council at events and functions in the South-East Queensland any expenses associated with this attendance will be met by council. In the case of the Mayor, when accompanied by his/her spouse/partner, or where the Mayor delegates the attendance to another Councillor to represent him/her, any expenses associated with the attendance of the spouse/partner will be met by council.

- (2) **Professional Development needs** – the payment of expenses for mandatory professional development requires council approval. There are two categories of professional development for Councillors being Mandatory training and Discretionary training:
 - (a) **mandatory training**; ie, training on council related matters which council deems to be necessary by resolution. Examples of such training include Councillor induction, code of conduct, meeting procedures and legislative obligations. Council will meet all costs associated with mandatory training. Where Councillors are members of professional associations which address ongoing training needs and professional development for Councillors, this is regarded as mandatory training for the purposes of this Policy.
 - (b) **discretionary training**; ie, where a Councillor identifies a need to attend a conference, workshop or training to improve skills relevant to his or her role as a Councillor, other than mandatory training as above or acquire publications including reference material to improve skills relevant to his/her role, expenses shall be reimbursed up to a maximum amount in accordance with the Guidelines. The funding limit for each Councillor for discretionary training is \$5,000, adjusted by the annual CPI increase, during their four year term of office.
- (3) **Travel costs** – within the scope identified in the Reimbursement of Travel Expenses Policy Directive (the cost of using private vehicles for council purposes will be reimbursed but only if such use is authorised by a resolution of council and the claim is based on log book details which substantiate the relevance of the travel for council business).
- (4) **Accommodation** – accommodation, and related incidental costs associated with travel for council business related purposes (reimbursement of expenses to the extent specified in the Reimbursement of Travel Expenses Policy Directive applies).
- (5) **Meals** – the actual cost of each meal when travelling for business related purposes subject to the maximum cost listed in the Reimbursement of Travel Expenses Policy Directive.
- (6) **Hospitality expenses** – reimbursement to each Councillor is limited to \$500/annum while reimbursement to the Mayor is limited to \$6,000/annum, adjusted by the annual CPI increase.
- (7) **Cab charge** – reimbursement of cab charges or public transport tickets to attend official council functions only.

Any expense incurred by any Councillor which is either beyond the scope of, or in excess of, the levels of reimbursement listed above is the sole responsibility of the Councillor who incurred the expense.

Council Supplied or Subsidised Facilities

Council will cover the complete cost of the supply and use of the facilities listed below except for those costs associated with personal/private or other non-Council related use. Any Councillor may request facilities beyond the scope or standard listed below, however, those enhanced facilities, if made available, will only be provided if that Councillor pays the difference in cost between the standard facilities and those requested.

All facilities provided to Councillors remain the property of council and must be returned when a Councillor resigns or when his/her term expires.

Each Councillor is to have access to the following basic facilities under the categories listed:

 - iii. Borrowing decisions are to be made in accordance with the appropriate financial ratios as determined by council.
4. The Financial and Project Services Department will be responsible for undertaking periodic reviews of council's borrowings in order to ensure the amount, terms and interest charged represent the optimum financial position for council.
5. Borrowings will only be made for expenditure which has been approved through the annual budget cycle. As part of this process, and in accordance with section 133 of the Local Government (Finance, Plans and Reporting) Regulation 2010, each financial year the debt policy will state:
 - i. the new borrowings planned for the current financial year and the next nine financial years;
 - ii. the time over which it is planned to repay existing and new borrowings.

This information will be published in the council's annual budget and annual report.

Details of budgeted borrowings for the period 1 July 2011 through 30 June 2021 are indicated below in table 1 and are in \$ millions.

A separate approval of the Treasurer is required should the council wish to borrow from a source other than Queensland Treasury Corporation.

8. Any new borrowings from 1 July 2011 will be repaid within the term (years) indicated in Table 1 above.

Council's 2011/12 Revenue Policy

Council's 2011/12 Revenue Policy reads as follows:

1. Consolidated Regional Approach to Rating

The council introduced a consolidated regional rating policy in the 2010/11 financial year.

The council acknowledges the consolidated policy is a significant change from the former district based policies. Whilst the majority of the impact of the policy implementation will be isolated to the 2010/11 financial year, consideration will be given to any continued effects of this change when setting the rates and charges applicable for the 2011/12 financial year.

2. Making of Rates and Charges

Rates and charges will be determined on the basis of achieving net revenue which is sufficient to allow the council to meet its budgetary responsibilities for the various activities of the council. In making rates and charges, the council will have regard to:

- Transparency – openness in the processes involved in the making of rates and charges
- Accountability – making decisions and acknowledging the effects of those decisions
- Simplicity – a rating regime that is simple and cost efficient to administer
- Equity – the consistent levying of rates and charges across the region
- Flexibility – responding where possible to unforeseen changes in the local economy
- Fiscal responsibility – levying an amount sufficient to allow the council to meet its budgetary responsibilities

3. Limitation on Increase in General Rates

Council will limit increases in differential general rates levied in the previous financial year to a maximum stated percentage for those differential rating categories identified in the council's Revenue Statement. Increases in other rates or charges will not be subject to limitation in this way.

4. General Rates

In the 2011/12 financial year council will apply a differential general rating approach for the levying of general rates. Differential general rates will be levied on all rateable land in the council's local government area. This differential rating approach seeks to achieve broad rating equity that could not otherwise be achieved by a single rate in the dollar. Within all differential rating categories, a minimum general rate will be applied to ensure that all owners contribute a minimum equitable amount towards council's general revenue requirements in circumstances where levying rates based solely on land valuation would not achieve that outcome.

When determining differential rating outcomes, council may have regard to:

- The continued transition from district based rating to a consolidated regional approach to rating
- the level of services available to the land and the cost of making those services available
- the level of utilisation of services by the land in particular the consumption of council resources, services and infrastructure

5. Special Rates and Charges & Separate Rates and Charges

Special and Separate rates and charges will be levied to generate funds required to provide services and fund activities that council considers will specifically benefit defined (special) or all (separate) rateable properties within a district or across the entire region.

6. Utility Rates and Charges

Waste Management

In the 2011/12 financial year council will apply a regional approach to the levying of waste management charges generally based on the principle of user pays.

These charges reflect the full cost recovery of providing a kerbside collection service, availability of refuse stations and development of waste management strategies for the protection of the environment.

7. Levying of Rates and Charges

In levying rates and charges, the council will apply the principles of:

- Responsibility – making clear the obligations and responsibility of both council and ratepayers in respect to rates and charges
- Accountability – making decisions and acknowledging the effects of those decisions
- Cost – making the levying process simple and cost effective to administer
- Flexibility – responding where possible to unforeseen changes in the local economy
- Timeliness – ensuring ratepayers are given adequate notice of their liability to pay rates and charges

8. Concessions for rates and charges

In considering the application of concessions, the council will be guided by the principles of:

- Equity – acknowledging the different levels of capacity to pay
- Accountability – making decisions and acknowledging the effects of those decisions
- Transparency – making clear the availability of concessions and eligibility requirements
- Flexibility – responding where possible to unforeseen changes in the local economy
- Fairness – taking into consideration the circumstances that lead up to the application for a concession
- Sustainability – long term planning to ensure the financial sustainability of concessions

The council intends to exercise its power under section 56 of the Act to partly remit rates and utility charges for the purpose of recognising the particular financial and related circumstances of qualifying pensioners within the region.

9. Recovery of unpaid rates and charges

Council will exercise its rate recovery powers in order to reduce the overall rate burden on ratepayers and to better manage the scarce financial resources of council. It will be guided by the principles of:

- Responsibility – making clear the obligations of ratepayers to pay rates
- Transparency – making clear the consequences of failing to pay rates
- Accountability – ensuring due legal processes are applied to all ratepayers in the recovery process
- Capacity to pay – negotiating arrangements for payment where appropriate
- Equity – applying the same treatment for ratepayers with the same circumstances
- Flexibility – responding where possible to unforeseen changes in the local economy
- Cost – making the processes used to recover outstanding rates and charges clear, simple to administer and cost effective

10. Calculation of Cost-recovery fees

Under section 97 of the Act, the council may, under a local law or by resolution, fix a cost-recovery fee. Cost-recovery fees will be set by the council to ensure that each fee does not exceed the cost to council of taking the action for which the fee is charged.

11. Physical and Social Infrastructure Costs

In setting charges for new development, council's objective is to apportion the establishment cost of Trunk Infrastructure over all benefiting development (existing and future) commensurate

with the demand or load that existing and future development will place on existing and planned infrastructure while ensuring a reasonable and equitable distribution of the costs between council and developers of land.

12. Reserves

The council will maintain 6 classes of Reserves within its operating fund. These are:

- Business Unit Operating Reserves – Held for the purpose of isolating portions of the surpluses generated by council's business units for the future operations of the unit.
- Special Rate Reserves – Held to isolate funds generated by the council's Special Rates and not utilised for that purpose by the end of the financial year.
- Priority Infrastructure Reserves – Held to isolate funds received from developer contributions to be spent in accordance with the council's Priority Infrastructure Plans.
- Special Purpose Reserves – Council has two Reserves in this category. They are the Finance Reserve which is held to fund General fund operational and capital projects; and, the Future Development Reserve which is held to isolate funds set aside for the purpose of regional strategic financial development of the council targeting revenue producing assets for the community.
- Ex-District Developer Contribution Reserves for Parks and Playground Equipment – Held to isolate funds received from developers for particular purposes under planning guidelines and which have not been spent at reporting date.
- Ex-District Reserves – that council plans to utilise for the purpose they were established within the next two (2) years and close.

The council, during its budget deliberations, examines the purposes of its reserves to ensure that the reserves are used for that purpose. Those reserves that are intended to be on-going will be supported by transfers from operations and these transfers are included in the appropriation statement of council's adopted budget.

By the end of the 2011/12 financial year, council's reserves are predicted to consist of the following amounts:

Reserve Name	Financial Plan Estimate 30/06/2012
Business Unit Operations Reserves	\$2,003,000
Special Rate Reserves	\$4,642,000
PIP Reserves	\$103,733,000
Special Purpose Reserves	\$100,779,000
Ex-Developer Contribution Parks Reserves	\$4,634,000
Ex-District Reserves	\$13,346,000

Tenders

In accordance with s177 of the Local Government (Finance, Plans and Reporting) Regulation 2010, council did not invite tenderers to change their tenders to take into account a change in the tender specification during the financial year.

Rates Concessions

Council offers a range of rates concessions in support of a fair and equitable rates system. In considering the application of concessions, the council is guided by the principles of:

- Equity – acknowledging the different levels of capacity to pay
- Accountability – making decisions and acknowledging the effects of those decisions
- Transparency – making clear the availability of concessions and eligibility requirements
- Flexibility – responding where possible to unforeseen changes in the local economy
- Fairness – taking into consideration the circumstances that lead up to the application for a concession
- Sustainability – long term planning to ensure the financial sustainability of concessions

For the financial year ending 30 June 2012 the council exercised its power to grant a concession for rates or charges under the Local Government (Finance, Plans and Reporting) Regulation 2010, Chapter 2, part 10, in the following ways:

Council Pensioner Rebate
