

## 9 Development codes

### 9.2.2 Community residence code

#### 9.2.2.1 Application

1. This code applies to assessing material change of use for Community residence<sup>(16)</sup>.
2. When using this code, reference should be made to Rules for determining the level of assessment and, where applicable, Rules for determining the assessment criteria located in Part 5.
3. For development made assessable or self assessable for this code in Part 5:
  - a. Part A of the code applies only to self assessable development;
  - b. Part B of the code applies only to assessable development

#### 9.2.2.2 Purpose

1. The purpose of the community residence code is for assessing a material change of use for a community residence<sup>(16)</sup>.

#### 9.2.2.3 Assessment criteria

##### Part A - Criteria for self-assessable development

To determine if development is self-assessable, development is to comply with the self-assessable acceptable outcomes set out in Part A, Table 9.2.2.1. Where development does not meet an acceptable outcome (AO) of the relevant criteria Part A Table 9.2.2.1, assessment is against the performance outcome (PO) identified in Part B Table 9.2.2.2. This only occurs whenever a self-assessable AO is not met, and is therefore limited to the subject matter of the self-assessable AOs that are not complied with. To remove any doubt, for those AOs that are complied with, there is no need for assessment against the corresponding PO.
