**STREET SCAPE PLANTING**

The following planting strategy is to be applied to all streets within the development. It is to be used in conjunction with the following guidelines to ensure a high quality street environment.

- 1. All streets are to be planted with a minimum of 1 tree per 10m.
- 2. All streets are to be planted with a minimum of 1 tree per 10m.
- 3. All streets are to be planted with a minimum of 1 tree per 10m.

Each tree planting location is to be marked with a tree planting sign. The sign is to be placed in the ground in the following locations:

- 1. At the end of the street.
- 2. At the end of the street.
- 3. At the end of the street.
