REDS 2023 and 2024 Interim action plan report card

The Regional Economic Development Strategy (REDS) provides the blueprint for Council, industry and the business community to collaboratively build a \$40 billion economy by attracting and generating 16,000 new businesses and 100,000 new jobs by 2041. Following a great two years of bigger, bolder, brighter outcomes under the 2020-22 REDS Action Plan, 2023 marks the start of the second Action Plan with 23 new deliverables.

The momentum has continued in 2023 with direct progress being made against 20 of the 23 action items listed in the 2023-24 REDS Action Plan in the first ten months of the two year plan. Collaboration with REDS stakeholders remains central to the achievement of continuing strong growth in GRP, business numbers and jobs.

The Moreton Bay region extends through Jinibara, Kabi Kabi and Turrbal traditional Country. Council respectfully acknowledges the Traditional Custodians of the land and pays its respect to all Aboriginal and Torres Strait Islander peoples.
