Applicant details:

Name:

Postal address:

Home number: Mobile: Work:

Additional streetlight and power pole details:

Location of pole:

Power pole number:

Reason for request:**Customer summary:**

- When filling out this application it is necessary for you to establish on which power pole you would like the streetlight placed and identify it to council by its location and pole number. If a power pole does not exist, then identify the suggested location for the new pole and streetlight.
- As a streetlight may impact on a number of homes, it is essential that the opinion of the owners of homes in the vicinity of the proposed streetlight is sought. There is provision on this form for their views. This must be completed prior to returning this application to council.
- The erection of an additional streetlight may cause glare. Where a complaint is received regarding such glare, the complainant is responsible for meeting the cost of rectifying the situation in accordance with Council Policy 10-2150-012 'Shading of Streetlights'.

I / we acknowledge that the erection of additional streetlighting may cause glare and have brought this to the attention of adjoining and opposite owners named in this form.

Signature: Date:

Privacy statement

Moreton Bay City Council is collecting your personal information for the purpose of assessing your application for additional streetlighting. Council will use your personal information to update Council's customer information records and to contact you about other functions and services of council.
