Application
This policy governs all In-Kind Support that Council may provide to Community Organisations.

However, this policy does not govern the provision of professional services such as IT support, financial management, graphic design, events management, or administrative services by the Council to Community Organisations.

Policy Statement

In recognition of the support that Community Organisations based or operating within the Region provide to the overall community, it is Council’s policy to assist those organisations by providing them with In-Kind Support. However, Council also recognises that the level of support on offer must be tempered by its obligation to protect its operations from potential risks and disruption. As such, all In-Kind Support provided through this policy will be subject to the following terms and conditions:

1. The In-Kind Support must benefit residents of the Region.

2. The Community Organisation must sign an application / loan agreement form which will include a waiver and indemnity acknowledging that Council will not be liable for any risks or any claims for personal or property damage associated with the use of Council items and/or equipment by the Community Organisation whatsoever.

3. Council operations must not be unduly disrupted.
4. A Community Organisation using In-Kind Support items and/or equipment shall be responsible for (where appropriate):

    a) Collection and return of the equipment to the relevant Council location in good order and condition.
    b) Punctuality, diligence and due care when collecting, returning or using Council equipment.
    c) The duty of care for their participants, members and guests as well as maintaining adequate safety standards.
    d) Providing evidence of current public liability insurance ($20 million) (where applicable); and
    e) Paying for any and all damages that occur as a result of its use of In-Kind Support items and/or equipment.

5. Council’s support must be recognised by way of an acknowledgement in a relevant public forum, formal address or opening, or in promotional or program material produced for the activity or event for which the In-Kind Support has been received (in accordance with the Corporate Style Guide).

Additionally, the following terms and conditions are applicable to specific in-kind support items:

6. Any use of a room in Council Facilities or use of Council items and/or equipment must not involve commercial, personal or political activities and no petitioning is to be carried out in a Council Facility.

7. Use of a room and its associated equipment in a Council Facility can only be authorised by the Chief Executive Officer of the Council or his nominee. Any “Outside of Hours” meetings involving Community Organisations are to have a Councillor or Council Officer in attendance at all times who is to be the responsible officer.

8. Use of “pole & peg” marquees (9m x 6m) will require evidence of the community organisation’s public liability insurance ($20 million).

9. Use of any marquee (either “pole & peg” or “pop-up”) will require the signing of a Loan Agreement receiving the goods and agreeing to pay costs should the items NOT be returned OR not be returned in a condition acceptable to Council.

    All erection and dismantling of marquees must be undertaken by, or at the expense of, the Community Organisation and collection and return of marquees will be in accordance with instructions on the loan agreement.

10. Use of Council Store Items including road safety equipment (eg witches hats and high visibility safety vests) and roadworks signage is subject to conditions as outlined in Corporate Directive 2180-045 In-Kind Support to Community Organisations: Use of Council Facilities, Store Items, Equipment and/or Services.
